Sudden Change In The Plans Delays Action

By D. Harold Oliver.
Associated Press Staff Writer.
Washington, Jan. 18.—(P)—After turning down by a decisive margin a proposal to pay the soldiers bonus in new currency, the Senate late today deferred until Monday the virtually certain passage of the coalition bill to discharge the \$2,000,000,000 debt in cashable small bonds.

A sudden change in plans by Democratic leaders delayed the action just as it appeared that a final vote was in sight. Another 15 minutes probably would have disposed of the issue.

Just as Senator King (D-Utah) arose to present the final amendment, to pay the cash surrender, or present value, of the adjusted service certificates, Senator Borah (R-Ida.) called attention to the hour and remarked that since the bill was to be passed anyway nothing would be lost by putting off a final vote.

Democratic leaders conferred hurriedly and the signal "no decision today" was given when Majority Leader Robinson of Arkansas asked for an open executive session to pass on nominations, customary last-minute business of a legislative day.

Packed galleries, sprinkled with ex-soldiers in uniforms that betrayed their age, saw the debate start at noon, then halt for another hour, back to World War policies, and resume again only to send the issue to a third day for decision.

State Central Committee Endorses H. N. Bundesen; Turns Back on Gov. Horner

By Robert M. Yoder. Chicago, Jan. 18.—(P)—The Democratic State Central Committee today turned its back on Governor Henry Horner, giving the party's official endorsement to Dr. Herman N. Bundesen.

The action came at a special meeting of the committee in a downtown Chicago hotel, and the test found the 25 members split into two warring camps.

Sixteen of the committeemen, including seven from downstate, voted "Aye" when asked to endorse the anti-Horner state ticket headed by Dr. Bundesen.

Eight of the 15 downstaters, a majority, voted "No," siding with Gov. Horner against Mayor Edward J. Kelly and his downstate allies who put the rival ticket forward last Sunday.

The governor carried one of the ten Chicago votes—that of Daniel Sullivan, his political advisor, who is secretary of the state committee. Washington, Jan. 18.—(P)—Three of the cartoon stamps issued by New York Republican group, but repudiated by the Republican national committee, were banned as "unmailable" today in an opinion of Solicitor Carl A. Crowley of the post office department.

Crowley described the banned stickers as showing:

President Roosevelt as "Frankenstein," an astonished and frightened individual bearing an intended resemblance to the president observing a giant labeled "Bureaucratic Government" dressed in Russian costume, treading upon industrial plants labeled "United States Business."

"The president clippantly lighting a cigarette from a taper composed of a scroll labeled 'Constitution of the United States.'"

"The President and Mrs. Roosevelt seated on the Democratic Donkey at the very edge of a precipice, x x x both portrayed as laughing while the former holds before him a megaphone and Mrs. Roosevelt holds aloft a communist banner."

Two other stamps, also stuck on letters presented for mailing at the New York post office, were passed as mailable "as they relate solely to abstractions."

Crowley cited a law barring from envelopes "delineations, epithets, terms or language" which are "intended to reflect injuriously upon the character or conduct of another."

Malta Shrine Marks Anniversary With Musical Pageant

Malta Shrine observed its fifteenth anniversary and past officers' night Friday evening at the regular meeting in the New Masonic Temple.

The program that followed was in the nature of a musical pageant, "Memories." The setting was an old fashioned garden, an elderly couple, portrayed by Mr. and Mrs. George Kendall, in the background watching the scene before them.

Piano Solo, "Meditation," Mrs. Inez Canastey.

"Memories" and "Long Long Ago"—Vocal solos by Mrs. Lucille Bunch.

"The Spinning Wheel"—Miss Kathleen Bowman of Springfield, accompanied by Miss Wilma Sarnsworth.

NEW EVIDENCE IN HAUPTMANN CASE AWAITED

Critics Say It's Up To Governor To Produce

By Dale Harrison.
Associated Press Staff Writer.
Trenton, N. J., Jan. 18.—(P)—The critics of Governor Harold G. Hoffman, openly skeptical of his "new evidence" in the Lindbergh case, watchfully waited tonight for him to show what he's got.

"It's up to the governor to produce," was the sentiment of those who sided with Attorney-General David T. Wilentz in the belief that the chief executive "hasn't got a thing."

The attorney-general, who not only says no new evidence has been produced but also that the governor lacked legal right to grant the 30-day reprieve which he extended to Bruno Richard Hauptmann two days ago, conferred during the day with Col. H. Norman Schwarzkopf, head of the state police.

Wilentz said afterward there would be no formal statement.

The two men, major actors in effecting the conviction of Hauptmann, gave careful study to the fiery statement which Governor Hoffman made yesterday—a statement in which he defied his foes to impeach him and expressed doubt as to Hauptmann having been the only person involved in the Lindbergh kidnap-murder.

After their conference "it was learned they had agreed that 'no good purpose would be served by controversy with the governor on his theories or points of view.'"

This attitude was quite general among the governor's political foes.

The fate of Hauptmann, whatever side issues may develop, rests upon the ability of his counsel or the governor to produce new evidence of such importance as to warrant either a new trial, commutation of sentence, or, conceivably, a pardon.

C. Lloyd Fisher, chief defense counsel, asked tonight what the defense was doing, said: "We're doing nothing right now."

Philander Floyd Passes Away At Greene Hospital

Funeral To Be Held Tuesday; Resident Of Barrow Hurt In Fall

White Hall, Jan. 18.—(P)—Philander P. Floyd died this morning at 5:30 o'clock in the White Hall hospital where he had been a patient for three years.

He was aged 82 years, two months and fifteen days.

He is survived by his wife, Katherine Masser Farmer. They celebrated their golden wedding anniversary in 1926, entertaining 200 people for dinner at that time.

Mr. and Mrs. Floyd lived in Kansas for seven years, returning to White Hall to settle on the old Floyd homestead west of White Hall.

He is also survived by a sister, Mrs. Lela Walker of Los Angeles, California.

The funeral service will be held Tuesday at 2 o'clock at the Dawdy funeral and interment in White Hall cemetery.

Mrs. Marsh Hurt

Mrs. Mary Marsh, aged 75, of Barrow, fell on the icy porch of her own residence this morning, breaking her hip.

She was brought to the White Hall hospital in the Dawdy ambulance this afternoon about four o'clock.

Mrs. Marsh had been in poor health, and the accident is considered to be of a very serious nature.

County Historical Society Annual Meeting Planned

Program To Be Presented Here Friday, January 24

The annual meeting of the Morgan County Historical Society will present an unusually interesting program, Friday, January 24, in a dinner meeting at 6:15 p. m. at the Peacock Inn.

Papers presented will be as follows: "Scott County—Why It Was Separated from Morgan," Fritz Haskell, Winchester.

"The Warrior Parson," Dr. J. M. Jaques, first president of MacMurray College, by Prof. George W. Adams, Jacksonville.

"Travelling Climate in Central Illinois," Dr. Frank P. Norbury, Jacksonville.

The program will present three very different, but highly interesting and important subjects. Anyone interested in the historical meeting is invited to be present.

The committee of arrangements is Henry J. English, chairman; Miss Fidelity Abbott and Miss Margaret K. Moore. Reservations may be made with any member of the committee or with the Peacock Inn.

WOMAN CONVICTED

Newburgh, N. Y., Jan. 18.—(P)—Mrs. Dorothy Sherwood, 27, was convicted today of murder, first degree, in the "mercy drowning" of her two-year-old son, Jimmy. The jury recommended mercy.

Mrs. Sherwood broke down and cried. She was led from the courtroom.

A first degree murder conviction in New York state carries a mandatory sentence of death in the electric chair.

MAJOR PARTIES REACH BEDROCK IN CAMPAIGN

Conflicting Claims, Protests Ring Thru Week

By EDWARD J. DUFFY.
Associated Press Staff Writer.
Washington, Jan. 18.—(P)—Political strategy in both major parties appeared tonight to be approaching a bedrock claim at last.

Conflicting claims and protests had rung as usual through the week. But less spectacular, isolated events took together of the inevitable time when words would no longer suffice.

On the Democratic side, an immediate aim evidently was to keep factional strife in important states to a minimum. Conferences at the White House prompted new tactics in California and Georgia. Iowa and Illinois leaders arrive next week.

The New York situation also is getting attention. What eventuates there depends to an extent on how Alfred E. Smith defines his anti-New Deal position to the American Liberty League dinner here a week from tonight.

Whether the 1928 presidential nominee will hint of any determination to participate actively in the Philadelphia convention is especially awaited. Party leaders profess no concern over the danger of a formidable bolt; but acknowledge that convention proceedings may not be all harmony.

On the Republican side, Senator Borah of Idaho, has put it up to other possibilities for the nomination by widening the field in which he will seek delegates. Work for him is now projected in New York, Illinois, Ohio, Wisconsin and Minnesota. Supporters of Gov. Landon of Kansas and Col. Frank Knox of Illinois increased their organization.

Former President Hoover and Senator Vandenberg of Michigan remained outwardly indifferent to speculation that, by remaining aloof from delegate contests, they might become the beneficiaries of any deadlock at the Cleveland convention.

I. C. Quarterly Has Numerous Features

Mid-winter Number Issued at College This Week;

The mid-winter issue of the Illinois College Alumni Quarterly, of which Mrs. Charles H. Rammelskamp is the editor-in-chief, presents a fine edition. The articles and personal items are filled with interest for alumni and all friends of the college.

A snow scene with a student group at the classic gate-way is the picture on the cover page. The subjects include a "1936 Message to The Alumni of Illinois College" from George H. Wilson, 88, President of the Alumni Association, and with this article appears a splendid cut of Mr. Wilson, President Jaquith's report to the Board of Trustees; Announcement of future events as well as current events concerning the college and alumni; also a most interesting letter from Dr. Julian S. Wadsworth '81 from Florence, Italy, who writes upon "Italy and Sanctities."

Myron E. Dukes, '99, is a contributor. Mr. Dukes is a member of the faculty of the New Trier Township High School, Winnetka, Illinois, one of the most progressive public schools in the West.

Athletics, edited by Ernest Savage, '29, has an outstanding place in the doings of the alumni from all parts of the world, listing the items according to classes, is also a feature.

The Quarterly is growing in importance, and retaining a most favorable comment, since it serves as a friendly contact and record of events for all interested in the college.

Mrs. Templin Dies In Scott County

Death Occurs Saturday Afternoon; Funeral Plans Are Incomplete

Winchester, Ill., Jan. 18.—Mrs. Charles Templin, 70, passed away at her home west of Winchester Saturday afternoon at 2:30 o'clock.

She is survived by her husband, five daughters, Mrs. George Walker, Mrs. El Hoots, Mrs. Lilly Kelly, Mrs. Florence Blackburn, Mrs. Bessie Blackburn; two sons, Jess and William Templin, all residing in Scott County.

Funeral arrangements are incomplete.

The remains were taken to the Danner Mortuary.

JUST HER REFLECTION

Salt Lake City, Jan. 18.—(P)—A reflection in a mirror provided an ironic reintroduction to sight for Mrs. Mary Emma Checketts, 87.

Her blindness of 20 years was corrected by an operation.

The first thing she saw was "a most unpleasant person looking at me. I'd never seen her before. Then I realized I was looking in a mirror. I was looking at my own face."

"Land sakes—that was a start."

Many Deaths Caused by Blizzard Which Sweeps Over Portion of Nation

Chicago, Jan. 18.—(P)—Drama rode with a swift, flying snow storm which covered most of the midwest with a fresh blanket today, ranging as deep as a foot and a half.

Much colder weather trailed the storm, whose center sped from near St. Louis during the night to central New York state in the afternoon, but the mercury started climbing again in the northern plain states after sinking deep under zero last night.

Racine, Wis., roadwarden found the wreckage of a fishing tug near Kenosha and expressed belief that its crew of four had perished trying to ride out a 40 mile blow. A young couple, returning from a dance near Sisseton, S. D., died from carbon monoxide poisoning when their car stalled in a snow bank. A companion was given a chance to recover. Two deaths in Oklahoma and one in Kansas were attributed to exposure of traffic conditions resulting from ice sheeted thoroughfares.

At Medfield, Mass., scores of searchers trailed three year old Dale Tibbets through a fast falling snow. He wandered off Wednesday.

Another descent of the elements, a tornado which struck near Fort

Payne, Ala., caused at least four deaths and heavy property damage.

Trains from the west were late in Chicago as a blizzard snow starting early in the morning brought an estimated three inch fall over northern Illinois. West of the Mississippi, Iowa and Nebraska reported heaviest falls ranging as deep as 12 and 18 inches.

Traffic conditions were hazardous throughout the territory and highway department crews were kept busy. Lowest temperatures reported were minus 40 at Warroad, Minn., minus 35 at Crookston, Minn., and 31 below zero at Grand Forks, N. D. Later the mercury rose to 10 below at Grand Forks. Ten to fifteen below were forecast for the Minnesota twin cities tonight with rising temperatures tomorrow. Chicago was told to prepare for zero to 4 above; Bismarck, N. D., had a minus of 13; and in other Dakota, Nebraska, Montana, and Wyoming spots the minimums ranged from these figures to two below.

There was snow west of the Rockies also, California getting some and San Diego announcing that its minimum of 43 marked the lowest temperature there in nearly ten months.

ACTIVITIES OF FARM BUREAU ARE EXPLAINED AT MEET

Activities of the Farm Bureau were explained at a meeting held Friday night at the Farm Bureau offices, to which the entire membership of the organization was invited. W. F. Coolidge, farm adviser, was the main speaker on the program.

Wilbur Williams, a member of the executive committee, gave a report of the Farm Bureau's work and the board's activities during the past year.

The meeting opened with group singing, led by Mr. Coolidge, and accompanied by Dean Miller, and included a Marionette show, sponsored by Martin Herbert. Toy roads prevented a large attendance.

Fred Jewsbury was chairman of the program, assisted by Mrs. Fred Jewsbury, Mr. and Mrs. Donald Richardson, Mr. and Mrs. George Meggison, and Mr. and Mrs. Harold Gully.

Chester Thompson, township chairman, appointed Mr. and Mrs. Roscoe Masson, Mr. and Mrs. Fred Carter, Mr. and Mrs. Lewis Boddy and Mr. and Mrs. Albert Hall to serve as the program committee for the next meeting.

King George Is Reported Asleep Early This A. M.

Crisis Might Be Expected Within About Forty Eight Hours

By Roger D. Greene.
Associated Press Staff Writer.
Sandringham, Eng., Jan. 19.—(Sunday)—King George V, suffering from a cardiac weakness and a bronchial ailment, was sleeping peacefully at an early hour this morning.

The last official bulletin issued last night said there had been no change in his condition since an early evening announcement, which stated that "the cardiac weakness and embarrassment of circulation has slightly increased and gives cause for anxiety."

A statement that there would be no further bulletins during the night, barring a sudden change for the worse, served somewhat to allay apprehensions over the condition of the 70-year-old monarch, but there was great anxiety throughout his faithful empire and the whole world.

As members of the king's family gathered at Sandringham house, the royal residence, a high source said a crisis might be expected within about 48 hours.

Bronchial catarrh, it was said, has affected the sovereign's lungs and nose, causing hoarseness, feverishness and sore throat. Cardiac weakness has been caused, it was stated, by a pulmonary inflammation which affected the lungs and the heart.

All appeared quiet at the Sandringham estate at 1:30 a. m. The great jubilee gates were wide open but only doctors and servants were allowed to enter.

The servants' quarters were ablaze with light, and all were on duty, a fact which was not explained, but which was taken to indicate the extreme anxiety of officials for the safety of the king.

Mrs. Frances Mann Of Waverly Dies At Hospital Here

Funeral Services To Be Held Monday Afternoon At Waverly Church

Waverly, Ill.—Mrs. Frances Verry Mann, well known resident of this city, died at 6 o'clock Saturday morning at a hospital in Jacksonville, following an illness of several weeks.

She was born in Waverly, June 11, 1880 and spent her entire life here. She was the daughter of Mr. and Mrs. Henry Verry.

In July, 1917, she was united in marriage to Owen Mann at Decatur.

Mrs. Mann is survived by her husband, two sisters, Mrs. Clara Seals of Waverly; Mrs. Laura Park, Springfield; one half-sister, Mrs. Lucy Park of Decatur and one brother, H. H. Verry of Painesville.

She was a member of the Congregational church.

Funeral services will be held Monday afternoon at 1:30 o'clock at the Congregational church, with Rev. Matthew Kelly, officiating. He will be assisted by Rev. W. J. Campbell. Burial will be in Waverly cemetery.

The remains are at the Swift Funeral Home.

Fire Under Stove Causes Alarm Here

Department Has Second Call While Extinguishing Building Blaze

Fire originating under a stove slightly damaged the flooring and joists in the rear of the building occupied by the Springfield Auto Supply company on West Court street at 5:30 o'clock last night. The building is owned by Joseph DeCicco.

The fire department made quick work of the flames with a small hand pump, although a line of hose had been laid from the North West street hydrant.

While the firemen were at the West Court street blaze a second alarm came from the 900 block on North Main street. Off-crew firemen who had rushed to the fire station took a truck on this call. It was found that a Ford truck owned by Robert Stewart had been on fire, but the flames were extinguished before the firemen arrived.

Mr. and Mrs. Harold Wessler and small son of Arenzville were in the city yesterday.

TO INTRODUCE \$350,000,000 FARM PROGRAM

Soil Conservation Act Will Be Enlarged; Claim

Washington, Jan. 18.—(P)—Senator Bankhead (D. Ala.) announced tonight he would introduce—probably Tuesday—legislation for a new \$350,000,000 farm program representing his interpretation of the administration's views.

Explaining that his bill would "broaden and enlarge" the 1935 soil conservation act, Bankhead declared it would "accomplish in a large measure the same results that have been secured under the AAA."

The southern senator said an appropriation of \$350,000,000 would be sought to finance "drifts to farmers based upon acreage." Compensation with plans promulgated by the secretary of agriculture.

In practical application, Bankhead said, these would include "diversification and rotation in crops, crop adjustments and soil building."

Asked if his was administration legislation, Bankhead said it "contains my interpretation of the agreement reached at the White House conference this week, of which I was a member."

He added that after consultation with colleagues and "able lawyers outside Congress," he was "fully satisfied that the new bill will stand the test of the court if it ever reaches the courts."

The senator said his bill, which he hoped to have introduced as an amendment to the first appropriation of the farm program through the present AAA organization.

Asked how the program would be financed, Bankhead said that would be decided later, adding "we want to keep this entirely separate."

Earlier today Secretary Wallace fixed February 15 as the date when the new program should become effective to apply to crops grown in 1936.

In his first press conference since AAA was invalidated, Wallace said his preparation of legislation was a "congressional function," but he added: "The important thing is to expand the definition of the soil conservation act to include specifically soil conservation and preservation of fertility and not merely erosion control."

State Central Committee Endorses H. N. Bundesen; Turns Back on Gov. Horner

By Robert M. Yoder. Chicago, Jan. 18.—(AP)—The Democratic State Central Committee today turned its back on Governor Henry Horner, giving the party's official endorsement to Dr. Herman N. Bundesen.

The governor's backers opened the attack immediately after the session convened.

"The committee has been called together to act as a rubber stamp," asserted Joseph Knight of Dow, Ill., committeeman from the Twentieth district.

"We are asked to ratify a slate picked by a few gentlemen from Chicago and a few from the downstate. The wishes of the committee have been ignored, and I move immediate adjournment."

The motion lost 5 to 20. Leonard Condon of Rockford, committeeman from the 12th district, then urged endorsement of the complete anti-Horner state ticket.

It disclosed for the first time that the governor's foes have selected State's Attorney E. V. Champion of Peoria for their second candidate as congressmen-at-large, along with Lewis Long, Sandwich, Ill., attorney.

The other candidates were: Senator J. Hamilton Lewis, Chicago, for re-election.

Dr. Herman N. Bundesen, Chicago, president of the board of health, for governor.

State Treasurer John Stille, McLeansboro, for lieutenant governor.

Three state officials were proposed to succeed themselves—Secretary of State Edward J. Hughes, Auditor Edward J. Barrett, Attorney General Otto J. Kerner, all of Chicago.

John C. Martin, Salem, former state treasurer, is listed for nomination to his old office.

NEW EVIDENCE IN HAUPTMANN CASE AWAITED

Critics Say It's Up To Governor To Produce

By Dale Harrison.
Associated Press Staff Writer.
Trenton, N. J., Jan. 18.—(AP)—The critics of Governor Harold G. Hoffman, openly skeptical of his "new evidence" in the Lindbergh case, watchfully waited tonight for him to show what he's got.

"It's up to the governor to produce," was the sentiment of those who sided with Attorney-General David T. Wilentz in the belief that the chief executive "hasn't got a thing."

The attorney-general, who not only says no new evidence has been produced but also that the governor lacked legal right to grant the 39-day reprieve which he extended to Bruno Richard Hauptmann two days ago, conferred during the day with Col. H. Norman Schwarzkopf, head of the state police.

Wilentz said afterward there would be no formal statement.

The two men, major actors in effecting the conviction of Hauptmann, gave careful study to the fiery statement which Governor Hoffman made and expressed doubt as to Hauptmann having been the only person involved in the Lindbergh kidnap-murder.

After their conference it was learned they had agreed that "no good purpose would be served by controversy with the governor on his theories or points of view."

This attitude was quite general among the governor's political foes.

The fate of Hauptmann, whatever side issues may develop, rests upon the ability of his counsel or the governor to produce new evidence of such importance as to warrant either a new trial, commutation of sentence, or, conceivably, a pardon.

C. Lloyd Fisher, chief defense counsel, asked tonight what the defense was doing, said: "We're doing nothing right now."

Philander Floyd Passes Away At Greene Hospital

Funeral To Be Held Tuesday: Resident Of Barrow Hurt In Fall

White Hall, Jan. 18.—(AP)—Philander P. Floyd died this morning at 5:30 o'clock in the White Hall hospital where he had been a patient for three years. He was aged 83 years, two months and fifteen days.

He is survived by his wife, Katherine Massey Farmer, they celebrated their golden wedding anniversary in 1926, entertaining 200 people for dinner at that time.

Mr. and Mrs. Floyd lived in Kansas for seven years, returning to White Hall to settle on the old Floyd homestead west of White Hall.

He is also survived by a sister, Mrs. Lucy Walker of Los Angeles, California.

The funeral service will be held Tuesday at 2 o'clock at the Dawdy funeral and interment in White Hall cemetery.

Mrs. Marsh Hurt

Mrs. Mary Marsh, aged 75, of Barrow, fell on the icy porch of her own residence this morning, breaking her hip. She was brought to the White Hall hospital in the Dawdy ambulance this afternoon about four o'clock.

Mrs. Marsh had been in poor health, and the accident is considered to be of a very serious nature.

County Historical Society Annual Meeting Planned

Program To Be Presented Here Friday, January 24

The annual meeting of the Morgan County Historical Society will present an unusually interesting program, Friday afternoon at 2:30 o'clock.

She is survived by her husband and five daughters, Mrs. George Walker, Mrs. El Hoots, Mrs. Lilly Kelly, Mrs. Florence Blackburn, Mrs. Bessie Blackburn, two sons, Jess and William Templin, all residing in Scott County.

Funeral arrangements are incomplete.

The remains were taken to the Danner Mortuary.

JUST HER REFLECTION

Salt Lake City, Jan. 18.—(AP)—A reflection in a mirror provided an ironic introduction to sight for Mrs. Mary Emma Checketts, 87.

Her blindness of 20 years was corrected by an operation.

The first thing she saw was "a most unpleasant person looking at me. I'd never seen her before. Then I realized I was looking in a mirror. I was looking at my own face."

"Land sakes—that was a start."

Many Deaths Caused by Blizzard Which Sweeps Over Portion of Nation

Chicago, Jan. 18.—(AP)—Drama rode with a swift flying snow storm which covered most of the Midwest with a fresh blanket today, ranging as deep as a foot and a half.

Much colder weather trailed the storm, whose center sped from near St. Louis during the night to central New York state in the afternoon, but in the northern plain states after midnight under zero last night.

Racine, Wis., coastguardmen found the wreckage of a fishing tug near Kenosha and expressed belief that its crew of four had perished trying to ride out a 40 mile blow. A young couple, returning from a dance near Sisseton, S. D., died from carbon monoxide poisoning when their car stalled in a snow bank. A companion was given a chance to recover. Two were in Oklahoma and one in Kansas, were attributed to exposure or traffic conditions resulting from ice sheeted thoroughfares.

At Medfield, Mass., scores of researchers trailed three year old Dale Tibbets through a fast falling snow. He wandered off Wednesday.

Another descent of the elements, a tornado which struck near Fort Payne, Ala., caused at least four deaths and heavy property damage.

Trains from the west were late in Chicago as a blustery snow starting early in the morning brought an estimated three inch fall over northern Illinois. West of the Mississippi, Iowa and Nebraska reported heaviest falls ranging as deep as 12 and 18 inches.

Traffic conditions were hazardous throughout the territory and highway department crews were kept busy. Lowest temperatures reported were minus 40 at Warroad, Minn., minus 35 at Crookston, Minn., and 31 below zero at Grand Forks, N. D. Later the mercury rose to 15 below at Grand Forks. Ten to fifteen below were forecast for the Minnesota twin cities tonight with rising temperatures tomorrow. Chicago was told to prepare for zero to 4 above; Bismarck, N. D., had a minus of 15; and in other Dakota, Nebraska, Montana, and Wyoming spots the minimums ranged from these figures to two below.

There was snow west of the Rockies also, California getting some and San Diego announcing that its minimum of 43 marked the lowest temperature there in nearly ten months.

ACTIVITIES OF FARM BUREAU ARE EXPLAINED AT MEET

Activities of the Farm Bureau were explained at a meeting held Friday night at the Farm Bureau offices, to which the entire membership of the organization was invited. W. P. Coolidge, farm adviser, was the main speaker on the program.

Wilbur Williams, a member of the executive committee, gave a report of the Farm Bureau's and the board's activities during the past year.

The meeting opened with group singing, led by Mr. Coolidge, and accompanied by Dean Miller, and included a Marionette show, sponsored by Martin Herbert. icy roads prevented a large attendance.

Fred Jewsbury was chairman of the program, assisted by Mrs. Fred Jewsbury, Mr. and Mrs. Donald Richardson, and Mr. and Mrs. Harold Cully.

Chester Thomas, township chairman, appointed Mr. and Mrs. Roscoe Mawson, Mr. and Mrs. Fred Carter, and Mr. and Mrs. Lewis Boddy and Mr. and Mrs. Albert Hall to serve as the program committee for the next meeting.

King George Is Reported Asleep Early This A. M.

Crisis Might Be Expected Within About Forty Eight Hours

By Roger D. Greene.
Associated Press Staff Writer.
Sandringham, Eng., Jan. 19.—(Sunday)—(AP)—King George V, suffering from a cardiac weakness and a bronchial ailment, was sleeping peacefully at an early hour this morning.

The last official bulletin issued last night said there had been no change in his condition since an early evening announcement, which stated that "the cardiac weakness and emphysema of circulation has slightly increased and gives cause for anxiety."

A statement that there would be no further bulletins during the night, barring a sudden change for the worse, served somewhat to allay apprehensions over the condition of the 70-year-old monarch, but there was great anxiety throughout his far-flung empire and the whole world.

As members of the king's family gathered at Sandringham house, the royal residence, a high source said a crisis might be expected within about 48 hours.

Bronchial catarrh, it was said, has affected the sovereign's lungs and nose, causing hoarseness, feverishness and sore throat. Cardiac weakness has been caused, it was stated, by a pulmonary inflammation which affected the lungs and the heart.

All appeared quiet at the Sandringham estate at 1:30 a. m. The great jubilee gates were wide open but only doctors and servants were allowed to enter.

The servants' quarters were ablaze with light, and all were on duty, a fact which was not explained, but which was taken to indicate the extreme anxiety of officials for the safety of the king.

Toll Taker On Bridge Kidnaped By Three Bandits

Victim Is Released Seven Miles From Bridge After Giving Up \$200

New Harmony, Ind., Jan. 18.—(AP)—Don Blair, 26, toll taker on the Harmony Way bridge across the Wabash river here, was kidnaped and robbed tonight by three men. Blair told authorities, he was released near Crossville, Ill., about seven miles away.

The robbers took between \$150 and \$200 in toll receipts, Blair said.

Louis Holtzmeier, Posey county sheriff, indicated he might notify federal authorities inasmuch as Blair was taken over a state line.

Blair said the men entered the bridge from the Illinois side and at the point of guns forced him into their automobile. One remained in the toll house and jerked the cash drawer loose while the other two drove into New Harmony, turned around, and started back into Illinois.

His hand and feet were bound and he was gagged while in the automobile, Blair said. After being put out of the car, he managed to kick his feet free and walked to a tavern about a mile away.

He said the car carried Illinois license plates.

SENT TO JAIL

Danville, Ill., Jan. 18.—(AP)—Floyd Chaffee, Mt. Carmel, Ill., and John Wright, Olney, Ill., were sentenced to 60 days in jail and fined \$100 each today for violation of the internal revenue law.

Fire Under Stove Causes Alarm Here

Department Has Second Call While Extinguishing Building Blaze

Fire originating under a stove slightly damaged the flooring and joists in the rear of the building occupied by the Springfield Auto Supply company on West Court street at 5:30 o'clock last night. The building is owned by Joseph DeGoveia.

The fire department made quick work of the flames with a small hand pump, although a line of hose had been laid from the North West street hydrant.

While the firemen were at the West Court street blaze a second alarm came from the 900 block on North Main street. Off-crew firemen who had rushed to the fire station took a truck on this call. It was found that a Ford truck owned by Robert Stewart had been on fire, but the flames were extinguished before the firemen arrived.

ASTORIA MAN HURT IN CASS ACCIDENT

Virginia, Jan. 18.—A car driven by W. M. Hughes of Astoria and a truck belonging to the Landau Linen and Towel Co. of St. Louis, Missouri, crashed into each other late this afternoon on the icy pavement four miles south of here on the Jacksonville hard road, opposite the Winholat farm.

Mr. Hughes suffered three broken ribs and his wife received cuts about the face. They were given first aid and are lodging in the Mann hotel.

The driver of the truck was uninjured. Both cars were badly demolished and were towed into the Hernan garage.

LOOT HOME

Naperville, Ill., Jan. 18.—(AP)—Neighbors who saw two men trying to get their car out of a ditch at the home of Claude Martin came out and helped them. The Martins came home from a movie and found the pair looting their home of jewelry and clothing valued at \$350.

HUNG JURY

East St. Louis, Ill., Jan. 18.—(AP)—The trial of Ned and Jeff Lumley, brothers, on a charge of slaying George Anderson on Dec. 12, 1931, ended in a hung jury today.

The jurors were unable to reach a verdict after 24 hours of deliberation.

TO INTRODUCE \$350,000,000 FARM PROGRAM

Soil Conservation Act Will Be Enlarged; Claim

Washington, Jan. 18.—(AP)—Senator Bankhead (D. Ala.) announced tonight he would introduce—probably Tuesday—legislation for a new \$350,000,000 farm program representing his interpretation of the administration's views.

Explaining that his bill would "broaden and enlarge" the 1935 soil conservation act, Bankhead declared it would "accomplish in a large measure the same results that have been secured under the AAA."

The southern senator said an appropriation of \$350,000,000 would be sought to finance "drafts to farmers based upon their compliance with plans promulgated by the secretary of agriculture."

In practical application, Bankhead said, these would include "diversification and rotation in crops, crop adjustments and soil building."

Asked if his was administration legislation, Bankhead said it "contains interpretation of the agreement reached at the White House conference this week, of which I was a member."

He added that after consultation with colleagues and "able lawyers outside Congress," he was "fully satisfied that the new bill will stand the test of the court if it ever reaches the courts."

The senator said his bill, which he hoped to have attached as an amendment to the first appropriation of the farm program through the present AAA omnibus bill.

Asked how the program would be financed, Bankhead said that would be decided later, adding, "we want to keep this entirely separate."

Earlier today Secretary Wallace fixed February 15 as the date when the new program should become effective to apply to crops grown in 1936.

In his first press conference since AAA was invalidated, Wallace said his preparation of legislation was a "constitutional function," but he added:

"The important thing is to expand the definition of the soil conservation act to include specifically soil conservation and preservation of fertility and not merely erosion control."

Eames MacVeagh Is Named In \$3,250 Suit For Damages

Louise Hagen, Woodstock, N. Y., Charges Breach Of Contract

Chicago, Jan. 18.—(AP)—Eames MacVeagh, 60, son of the late Franklin MacVeagh, secretary of the treasury under President Taft, was named defendant today in a second suit filed in municipal court for \$3,250 by Miss Louise Hagen, Woodstock, N. Y., artist, charging breach of contract.

On Sept. 15 Miss Hagen was awarded a judgment of \$2,500 on a similar suit filed Dec. 14, 1934. An appeal is pending.

In the trial of the first suit, Miss Hagen, now 47, testified that MacVeagh was the father of her 24 year old son.

She testified that following his marriage to Miss Zelle Barthelmy, daughter of the former French consul-general in Chicago, 1929, he made a contract agreeing to give her an allowance of \$250 a month for life.

Herbert R. Stoffel, attorney for Miss Hagen, said today's suit was for the payments that have accumulated since the filing of the first bill. He stated that no money has been applied on the \$2,500 judgment by MacVeagh.

MacVeagh is now in Washington serving as chairman of housing conferences under Secretary Ickes.

Vote Tuesday

Tuesday, January 22nd, the voters of Jacksonville will decide whether they want to underwrite a municipal power and light plant to the extent of \$420,000 or whether they are opposed to such a proposition.

The citizens of this community have been reading arguments for and against the issue and have heard various speakers discuss the matter for the past several weeks. They have thus received all of the arguments which can be advanced for and against the construction and operation of a municipally owned and operated light and power plant.

This issue which comes up for decision Tuesday is one of the most momentous, serious, and perplexing problems which has come before the voters for many years.

Those who believe that government should not compete with private enterprise, who think that a municipal plant will not reduce rates below what they would be any way, and who are opposed to a duplication of effort along this line in a town the size of Jacksonville will vote "No" on all three propositions as presented on the ballot.

Those who think that this is a wonderful opportunity for the city to engage in municipal plant operation, who really believe that if they don't take advantage of Uncle Sam's offer along this line in a town the size of Jacksonville will vote "Yes" on all three propositions as presented on the ballot.

In any event, it is our hope that the majority of the voters of this community will vote for the ultimate good and best interests of the city. It is a hard question for them to decide for the reason that it is difficult and practically impossible to look ahead into the future and see what conditions we will be facing five, ten, or fifteen years from now.

The only thing the Journal and Courier wishes to urge upon each voter in this community is to study the entire question carefully and then express himself or herself at the polls Tuesday.

The Fight in Cook

From a political standpoint Cook county will be a most interesting spot in Illinois until after the spring primaries. Governor Horner, who has found himself rejected by the Kelly-Nash machine, is determined to do most of his fighting for the nomination in Chicago. He is going to carry the battle into the enemy's territory. He figures that his own state machine will be sufficiently strong in the remaining 101 counties to give him a majority of Democratic votes.

Meantime State's Attorney Thomas J. Courtney finds himself also rejected by the Chicago ruling powers. He, too, announces he will fight. Courtney has a record for prosecuting gangsters and running them out of town. He has done some good work. He also knows his way around in politics and can fight hard.

Already the Chicago press shows an inclination to take a hand in the battle. Courtney will no doubt have some rather strong support from the forces of law and order. Even if the mercury goes low in Chicago the rest of the winter, the political battle that will be raging there will make things pretty hot for everybody.

Work of "Electric Eye"

The "electric eye" that guards the inner gate of Stateville penitentiary probably saved the life of Walter Joseph E. Hagen Friday. A man called at the prison and insisted on seeing the warden. When he saw the inner gate and realized he would have to pass through it, he nervously suggested that he leave a tiny metal instrument he called a "live gauge," in the outer office. "It might ring the bell," he said. The "electric eye" seeks out any metal concealed about the persons of those who pass through the gate, and sounds an alarm when metal is discovered.

Prison guards examined the "live gauge," and found it to be a tiny gun loaded with a 22 calibre bullet. A clip of 10 trigger. The time was

so constructed, is to fool anyone who did not examine it closely. Although small, the bullet was capable of killing at close range.

Thus a marvelous instrument perfected by science is constantly on duty to protect law-abiding people of this state. It works tight and day and night of the prison, and no metal weapons can be smuggled in to be used for letting loose convicts on the civilian population. A scientific instrument known as the photo-electric cell is responsible for this new robot detective.

Kipling Dies

The man who wrote the fascinating tales of India and the stirring ballads of the British barracks, is dead. Rudyard Kipling has gone to a more fascinating Eternity than the India he portrayed can ever be. Yet who can forget his "Kim" or his "Jungle Book." He made his characters live and breathe, and surrounded them with all the colorful and mystic atmosphere of the orient.

Thirty years ago the writings of Kipling were classics. For many years now he has lived in seclusion, and his writings have not been up to the high standard he set in the vigor of his younger days. His last poem, "The King and the Sea," was written in honor of the silver jubilee of King George V.

And now the King whose praises Kipling sang in his twilight years is himself seriously ill. He also is past his seventieth mile-stone and is showing the effects of a strenuous life and advancing age. He began his reign at the time when Kipling also was making his debut in literature, and the lives of these two famous men author and ruler, have been strangely paralleled.

We're Dizzy Again

Periodically this country loses itself in the jazy limbo of a senseless new song hit. At one time we went "Crazy, Crazy, Over Horses, Horses." At another, we sold out the whole nation to "Yes, We Have No Bananas." Now we usher in a new smash product—"The Music Goes 'Round and Around."

Said to have been inspired by a tipsy young night club guest who demanded that the orchestra show him what produced tones, the song, utterly without sense, marks a new high in national dizziness. It's so popular you can't tune it out.

At first thought one might lose his faith in the American people. Certainly they fail hard for nothing. On second thought, "Round and Around" is better than the madcap drive we had a few months back, when we got so sentimental we became slop.

And, finally, it seems, a people adapted to shifting its mass interest so easily is pretty well set psychologically.

Laugh 'Em Off

A Cleveland minister urges his congregation to apply good humor and tolerance during the coming presidential campaign.

"Laugh off the spellbinders," he says, "and choose your own course." That is a philosophy worth passing on. Fortunately, in America, it can be worked. Our propaganda is not handicapped and if one cares to explore both sides of a question, his intellectual self-respect can be maintained. Carried a step further, that means an intelligent ballot.

We can always use both.

SO THEY SAY

The end of the AAA means the end of Roosevelt. The administration can no longer hold the farmers, and with the farmers and industrialists beyond control through regimentation Mr. Roosevelt cannot be re-nominated.

—Gov. Eugene Talmadge, Georgia.

It is not that we are illiterate, but we simply have not realized the aims of the nation's founders. We ignore the thoughts of great thinkers and make heroes of gangsters and tall players.

—Dr. Everett Dean Martin, New York.

Tasks immediately before us are as arduous as the conquest of the frontier a hundred years ago. The people of America know the heart and purpose of their government. We will not retreat.

—President Roosevelt.

A good American husband is the best thing on earth. These husbands don't deserve any credit for it. It's the way their womenfolk bring them up.

—Mary McCormack, prima donna.

The farmer can control his own problems in the machine age only by utilizing self-help instead of counting on governmental support for every need.

—J. Taber, master, National Grange.

Inevitably Republicans will be given to some colorless individualism.

BARBS

With a new air-conditioned bed, it is said, blankets can be kicked off in the winter. Now for a machine that will spray crumbs between the sheets.

America did a good job when the doughboys went overseas to protect its allied loans. At last reports, they were as hale as ever.

It's an ill wind, etc., and American Automobile Association agency managers may no longer be bothered by farmers seeking corn-hog checks.

A possible comeback, if the girl friend selecting from the menu begins to get out of hand, might be, "What's this, a Jackson Day dinner?"

The president's recent attack on money-changers may bring a situation in which a timid citizen, with only a \$20 bill, can starve in a big city.

Behind The Scenes In Washington

Plan to Feed Crop Surplus to Needy Is Well Riddled . . . Staggering Blows Dealt at Idea . . . Why Philly Was Given Convention Revealed . . . 'Twas Mainly to Help Guffey.

BY RODNEY DUTCHER
Journal and Courier Washington Correspondent

Washington.—At the time of the 1933 massacre of little pigs, which brought on so much criticism, Mrs. Roosevelt herself is supposed to have made the naive suggestion that resulted in the creation of the FSR.—the Federal Surplus Relief Corporation—which bought up more than \$50 million dollars' worth of surplus crops, for consumption by people on relief.

That program was off to a promising start, but trouble soon beset it.

The first blow to the idea came when Roosevelt decided that FSR should be abolished—on the theory that his works program and return of the "unemployables" to state care would somehow guarantee everybody enough food.

Remnants of the FSR were moved over to the AAA. Then Congress seemed to feel that the needy unemployed deserved a good dumping ground for surplus crops and so suggested when it passed the AAA amendments appro-

riating 30 per cent of customs receipts for diversion of such surpluses, which would amount to nearly \$100,000,000.

More Blow at FSR

The next blow came when AAA decided to devote more than half the money to subsidizing southern cotton farmers and indicated that much of the rest would be spent on dumping commodities abroad. Nevertheless, a few here still hoped that the FSR principle might be preserved.

And then late in December entered Comptroller General John R. McCarl. He ruled it would be impossible to use any of the customs money for relief purposes.

McCarl held proposed purchase and distribution "would not constitute a diversion of such agricultural commodities from the normal channels of trade and commerce."

Next Roosevelt in his budget message recommended that the section providing for diversion of crops with customs receipts money be repealed altogether on the ground that it made budgeting difficult and was contrary to principles of sound administration.

The small group which still thought surplus relief a good plan was just beginning to lobby secretly for a new amendment when six of the "nine old men" obliterated the AAA law completely.

Now the farm lobbyists summoned here by Secretary Wallace to work out a new AAA insist that the customs receipts and diversion section be resurrected and strengthened in the new act. But chances are this will simply

mean a controversy over export subsidies which Roosevelt opposes in which the surplus relief plan will again be ditched.

Why Philly Won Conclave

Roosevelt and Farley were at all times determined to have the Democratic national convention in Philadelphia because they believed it would help Senator Joe Guffey carry Pennsylvania for Roosevelt in November.

These two slick politicians believe they have western Pennsylvania in the bag—what with miners steel mill men, and other workers—and that a Philadelphia convention will buck up the eastern end of the party organization tremendously.

Farley has been working hard on Pennsylvania organization and Guffey sold Roosevelt on the idea that enough added encouragement and stimulated morale in Philadelphia would give him the state.

Pennsylvania's 36 electoral votes would be likely to swing the election to Roosevelt—if they could be had.

Philadelphia's business men's committee apparently believed it won the convention by raising the ante \$50,000 plus expensive concessions, through Democratic desire to tune in with the Liberty Bell in the shadow of Independence Hall for public consumption, and because the administration wanted to hurl defiance at the door of Wall Street.

But suspicion grows that Farley was merely holding Philly up for extra dough while pretending Chicago and San Francisco had a chance.

Still Money to Raise

He heard real estate man Al Greenfield, chairman, tell the committee later "we pledged \$50,000 we didn't have" and explain, amid no great enthusiasm, that \$25,000 of it must still be pledged.

But the real fun was hearing National Committee woman Emma Guffey Miller (Joe's sister, whom Greenfield called "Pennsylvania's sweetheart"—and Pennsylvania could do far worse!) tell how she had electrified for the Quaker City among other committee women.

He promised them bouquets, ladies made, corsages, fruit in their rooms every morning and gigoles every night, she bawled. "Now you boys are going to have your chance to make good!"

Gordon Motor Co. Has New Agencies

Packards and Studebakers to Be Sold in Three Counties by Firm

The Packard Motor Company of Detroit, Mich., and the Studebaker Motor Company of South Bend, Indiana, have announced the appointment of the Gordon Motor Co. Inc., as their dealers in Morgan, Scott and Greene counties, effective yesterday.

The Gordon company will remain in its present location, adding a complete service for Packard and Studebaker cars and making some additions to the personnel.

A full line of Packard and Studebaker cars and trucks are now on display at the Gordon company display rooms.

Russ Deppie of this city and R. H. Sullivan of Quincy have joined the Gordon sales force. Basil H. Sorrells continues with the company as does Herbert Glancy, N. J. Carpenter, formerly of Alexander, and Verne Daley of this city, will be in the service department.

Editor Forum.

Jacksonville Journal-Courier:

Dear Sir:

In your papers of Saturday, January 18, you published a letter from Dr. C. P. McClelland, dated January 13, 1936, at New York City. In order to clarify a situation which might otherwise be misunderstood, I should like to call your attention to certain remarks made by me at the last Friday night mass meeting of the Jacksonville Municipal Light Plant League.

At that meeting I stated that I had received from P.W.A. headquarters in Chicago a copy of a letter to Dr. C. P. McClelland from Colonel Horatio B. Hackett, Assistant Administrator, under date of January 9, 1936, and that I had been given authority to publish it. I stated further that, in view of Dr. McClelland's letter to your Forum under date of January 4, 1936, I felt the citizens of Jacksonville were entitled to the information set forth in the letter from Col. Hackett to Dr. McClelland, and that if Dr. McClelland were in town I was confident that he would have published it of his own volition.

Since upon inquiry I had learned that Dr. McClelland had left Jacksonville about January 10 and did not receive, before he left, the letter, of which I had been sent a copy, I made every effort to locate him by telephone in New York City. I was unable to do so although I tried all Thursday afternoon and all day Friday.

In view of the proximity of the election I was required to give the citizens of Jacksonville the latest word from Washington. A complete copy of the letter follows. (Docket #206 is the official designation of the power project.)

Washington, D. C.

January 9, 1936.

My Dear Dr. McClelland:

Acknowledgment is made of your letters of January 3 and 4 addressed to the Secretary and to me regarding the Jacksonville waterworks application, filed November 11, 1935.

You are quite correct in your statement that there is no real conflict between the power project and the waterworks application. No matter what the outcome of the bond election on Docket No. 8206 may be, no assurance can be given that the waterworks application will be reinstated. In view of this uncertainty it would be indeed regrettable if the citizens of Jacksonville voted against a bond issue under the mistaken belief that by so doing they were automatically clearing the way for favorable consideration by P.W.A. of the other proposal. That emphatically is not the case.

It is impossible at the present time to state definitely when a decision will be reached in the matter.

Sincerely yours,

Horatio B. Hackett,

Assistant Administrator.

The above letter is the latest available information on the alleged conflict between the two projects. Three things further should be noted. First—the letter received from Mr. McKee, dated December 28, two weeks before the above letter was written, is not absolute. Mr. McKee says, "It appears that further action in the case awaits upon the bond election for the power project."

Secondly—State Director Bauer's press release at the time of the rescission of the water project stated clearly that the outcome of the power project would have no bearing whatsoever on the reinstatement of the water project. Thirdly—it should further be noted that Col. Hackett's letter to Dr. McClelland, above quoted, is obviously in reply to a letter written by Dr. McClelland after receipt by him of the first letter from Col. Hackett and undoubtedly was written by Col. Hackett to clarify the prior letter to Dr. McClelland noted in his communication of recent date to the Forum.

The two projects should be considered separately, and the last news from Washington reaffirms this.

Respectfully yours,

Orville N. Foreman.

Joe Knight Says Downstate Voters Against Bundesen

Democratic Committeeman From This District Flays Boss Rule

Joseph Knight, Democratic committeeman from the Twentieth District, in Chicago yesterday said the downstate will absolutely revolt against the boss rule which resulted in Dr. Herman Bundesen's selection as a candidate for governor.

Knight, an employee of the Illinois Commerce Commission, formerly at the Illinois College here. His home is at Dow, Jersey county.

Many of the downstate members, Knight declared, resented the action of Mayor Edward J. Kelly, State Chairman Bruce Campbell and others in putting forward a state ticket without consulting the state committee.

"That attitude insults the intelligence and judgment of the state committee," Knight said.

"We're here to fight," Knight declared that the endorsement of Dr. Bundesen by Mayor Kelly and County Chairman Patrick A. Nash was winning votes for Gov. Horner.

"Downstate sentiment is crystallizing in favor of the governor," the

committee man said, "because of his bad treatment at Mayor Kelly's hands."

Campbell could not be reached for comment.

A charge that he "sold out the downstate," has been aimed at him. When he and other downstate leaders were called into the Chicago state making conference last Sunday, they had been promised, according to political gossip, that a downstate candidate for governor would be selected, but surrendered when Mayor Kelly's forces insisted on Dr. Bundesen.

SIXTY TAKE EXAMS FOR POSTAL CLERK

Nearly sixty men assembled yesterday morning at the Odd Fellows Temple on East State Street and wrote a civil service examination for city carrier and post office clerk. The examination was in charge of Philip Day and Edgar Busby, employees of the post office here.

Papers of the applicants will be sent to Washington where they will be graded in the civil service department.

Lionel Barrymore and Wallace Berry in "Ah Wilderness"

"AH WILDERNESS" IS FINE HUMAN COMEDY

There is nothing high-brow about "AH WILDERNESS," the Eugene O'Neill play which opens today at the FOX ILLINOIS. It emerges on the screen as one of the finest down-to-earth movies of American life ever produced. . . . When one recalls that Will Rogers was to have played the role so admirably done by Lionel Barrymore, one is assured that Nat Miller must indeed be a very human person. . . . The story is that of an average man . . . his home . . . his town . . . his hopes, happiness and disappointments . . . his family, more particularly his boy and his ambition for that boy . . . the jame the boy gets into while suffering from mental growing pains . . . There isn't a father or mother alive who won't see themselves in the roles of Nat Miller and his wife . . . nor any boy, growing or grown, who won't recognize himself as Richard, the son . . . For sheer entertainment, we urge you (and your family) to see "Ah Wilderness" with Lionel Barrymore, Wallace Berry, Eric Linden, Aimee MacMahon, Cecilia Parker and an MGM supporting cast.

MUSIC IS MAGIC

Reading from left to right we have FRANK MITCHELL, RAY WALKER, ALICE FAYE and JACK DURANT—four good reasons for seeing "Music Is Magic," the melodious Fox picture in which four ditty vaudevillians caper into movies.

Slap-bang comedy and toe-tickling music in a romantic story that, also a biting satire on the Hollywood scene, mark the new Fox musical comedy, "MUSIC IS MAGIC," which opens today at the FOX MAJESTIC.

Talented Alice Faye is featured in the picture, supported by Ray Walker, who has the romantic lead; Mitchell and Durant, comedians of the "greatest" order, and Bebe Daniels.

"MUSIC IS MAGIC" concerns itself with the efforts of Miss Faye, aided by her three friends, Walker, Mitchell and Durant, to win fame and fortune in Hollywood. Miss Daniels emulates the role of a time-worn actress seeking to retain her position in the motion picture world. She is particularly fearful of Miss Faye who seems destined to supplant her.

After a series of rebuffs, Miss Faye, aided by her friend, gets a chance during a film-making when Miss Daniels goes temperamental and refuses to continue.

Supplementing the main romance between Miss Faye and Walker is a rivalry between Miss Daniels and her screen daughter, Rosina Lawrence, for the affection of Thomas Beck. Matters between them are straightened out in the climax; when Miss Lawrence is hurt in an accident and Miss Daniels is made to realize that her first duty is to her daughter.

Vote Tuesday

Tuesday, January 21st, the voters of Jacksonville will decide whether they want to underwrite a municipal power and light plant to the extent of \$420,000 or whether they are opposed to such a proposition.

The citizens of this community have been reading arguments for and against the issue and have heard various speakers discuss the matter for the past several weeks. They have thus received all of the arguments which can be advanced for and against the construction and operation of a municipally owned and operated light and power plant.

This issue which comes up for decision Tuesday is one of the most momentous, serious, and perplexing problems which has come before the voters for many years.

Those who believe that government should not compete with private enterprise, who think that a municipal plant will not reduce rates below what they would be any way, and who are opposed to a duplication of effort along this line in the town the size of Jacksonville will vote "No" on all three propositions as presented on the ballot.

Those who think that this is a wonderful opportunity for the city to engage in municipal plant operation, who really believe that if we don't take advantage of Uncle Sam's offer that some other community will and that we will have to "pay the freight" just the same, and those who have faith in a publicly controlled and operated municipal plant will be in favor of the proposition and vote "Yes" on all three questions.

In any event, it is our hope that the majority of the voters of this community will vote for the ultimate good and best interests of the city. It is a hard question for them to decide for the reason that it is difficult and practically impossible to look ahead into the future and see what conditions we will be facing five, ten, or fifteen years from now.

The only thing the Journal and Courier wishes to urge upon each voter in this community is to study the entire question carefully and then express himself or herself at the polls Tuesday.

The Fight in Cook

From a political standpoint, Cook county will be a most interesting spot in Illinois until after the spring primaries. Governor Horner, who has found himself rejected by the Kelly-Nash machine, is determined to do most of his fighting for the nomination in Chicago. He is going to carry the battle into the enemy's territory. He figures that his own state machine will be sufficiently strong in the remaining 101 counties to give him a majority of Democrat votes.

Meantime State's Attorney Thomas J. Courtney finds himself also rejected by the Chicago ruling powers. He, too, announces he will fight Courtney has a record for prosecuting gangsters and running them out of town. He has done some good work. He also knows his way around in politics and can fight hard.

Already the Chicago press shows an inclination to take a hand in the battle. Courtney will no doubt have some rather strong support from the forces of law and order. Even if the mercury goes low in Chicago the rest of the winter, the political battle that will be raging there will make things pretty hot for everybody.

Work of "Electric Eye"

The "electric eye" that guards the inner gate of Stateville penitentiary probably saved the life of Warden Joseph E. Reagan Friday. A man called at the prison and insisted on seeing the warden. When he saw the inner gate and realized he would have to pass through it, he nervously suggested that he leave a tiny metal instrument he called a tire gauge in the outer office. "It might ring the bell," he said. The "electric eye" seeks out any metal concealed about the persons of those who pass through the gate, and sounds an alarm when metal is discovered.

Prison guards examined the "tire gauge," and found it to be a tiny gun loaded with a 22 calibre bullet. A clip served as trigger. The thing was

so constructed as to fool anyone who did not examine it closely. Although small, the bullet was capable of killing at close range.

Thus a marvelous instrument perfected by science is constantly on duty to protect law-abiding people of this state. It works night and day at the gate of the prison, and no metal weapons can be smuggled in to be used for letting loose convicts on the civilian population. A scientific invention known as the photo-electric cell is responsible for this new robot detective.

Kipling Dies

The man who wrote the fascinating tales of India and the stirring ballads of the British barracks, is dead. Rudyard Kipling has gone to a more fascinating Eternity than the India he portrayed can ever be. Yet who can forget his "Kim" or his "Jungle Book." He made his characters live and breathe, and surrounded them with all the colorful and mystic atmosphere of the orient.

Thirty years ago the writings of Kipling were classics. For many years now he has lived in seclusion, and his writings have not been up to the high standard he set in the vigor of his younger days. His last poem, "The King and the Sea," was written in honor of the silver jubilee of King George V.

And now the King whose praises Kipling sang in his twilight years is himself seriously ill. He also is past his seventieth mile-stone and is showing the effects of a strenuous life and advancing age. He began his reign at the time when Kipling also was making his debut in literature, and the lives of these two famous men, author and ruler, have been strangely paralleled.

We're Dizzy Again

Periodically this country loses itself in the dizzy limbo of a senseless new song hit. At one time we went "Crazy, Crazy, Over Horses, Horses." At another, we sold out the whole nation to "Yes, We Have No Bananas." Now we usher in a new smash product—"The Music Goes Round and Around."

Said to have been inspired by a tipsy young night club guest who demanded that the orchestra show him what produced tunes, the song, utterly without sense, marks a new high in national dizziness. It's so popular you can't tune it out.

At first thought one might lose his faith in the American people. Certainly they fall hard for nothing. On second thought, "Round and Around" is better than the maudlin drivel we had a few months back, when we got so sentimental we became sloppy.

And, finally, it seems, a people adapted to shifting its mass interest so easily is pretty well set psychologically.

Laugh 'Em Off

A Cleveland minister urges his congregation to apply good humor and tolerance during the coming presidential campaign.

"Laugh off the spellbinders," he says, "and choose your own course." That is a philosophy worth passing on. Fortunately, in America, it can be worked. Our propaganda is not handicapped and if one cares to explore both sides of a question, his intellectual self-respect can be maintained. Carried a step further, that means an intelligent ballot. We can always use both.

Behind The Scenes In Washington

Plan to Feed Crop Surplus to Needy Is Well Riddled . . . Staggering Blows Dealt at Idea . . . Why Philly Was Given Convention Revealed . . . 'Twas Mainly to Help Guffey.

BY RODNEY DUTCHER
Journal and Courier Washington Correspondent

Washington.—At the time of the 1933 massacre of little pigs, which brought on so much criticism, Mrs. Roosevelt herself is supposed to have made the naive suggestion that resulted in the creation of the FSRC—the Federal Surplus Relief Corporation—which bought up more than 250 million dollars' worth of surplus crops, for consumption by people on relief.

That program was off to a promising start, but trouble soon beset it.

The first blow to the idea came when Roosevelt decided that FSRC should be abolished—on the theory that his works program and return of the "unemployables" to state care would somehow guarantee everybody enough food.

Remnants of the FSRC were moved over to the AAA. Then Congress seemed to feel that the needy unemployed offered a good dumping ground for surplus crops and so suggested when it passed the AAA amendments appro-

prating 30 per cent of customs receipts for diversion of such surpluses, which would amount to nearly \$100,000,000.

More Blows at FSRC

The next blow came when AAA decided to devote more than half the money to subsidizing southern cotton farmers and indicated that much of the rest would be spent on dumping commodities abroad. Nevertheless, a few here still hoped that the FSRC principle might be preserved.

And then late in December entered Comptroller General John R. McCarl. He ruled it would be impossible to use any of the customs money for relief purchases.

McCarl held proposed purchase and distribution "would not constitute a diversion of such agricultural commodities from the normal channels of trade and commerce."

Next Roosevelt in his budget message recommended that the section providing for diversion of crops with customs receipts money be repealed altogether on the ground that it made budgeting difficult and was contrary to principles of sound administration.

The small group which still thought surplus relief a good plan was just beginning to lobby secretly for a new amendment when six of the "nine old men" obliterated the AAA law completely.

Now the farm lobbyists summoned here by Secretary Wallace to work out a new AAA insist that the customs receipts and diversion section be re-enacted and strengthened in the new act. But chances are this will simply

January 18, 1936.

Editor Forum,
Jacksonville Journal-Courier:

Dear Sir:
In your papers of Saturday, January 18, you published a letter from Dr. C. P. McClelland, dated January 13, 1936, at New York City. In order to clarify a situation which might otherwise be misunderstood, I should like to call your attention to certain remarks made by me at the last Friday night mass meeting of the Jacksonville Municipal Light Plant League.

At that meeting I stated that I had received from P.W.A. headquarters in Chicago a copy of a letter to Dr. C. P. McClelland from Colonel Horatio B. Hackett, Assistant Administrator, under date of January 9, 1936, and that I had been given authority to publish it. I stated further that, in view of Dr. McClelland's letter to your Forum under date of January 4, 1936, I felt the citizens of Jacksonville were entitled to the information set forth in the letter from Col. Hackett to Dr. McClelland, and that if Dr. McClelland were in town I was confident that he would have published it of his own volition.

Since upon inquiry I had learned that Dr. McClelland had left Jacksonville about January 10 and did not receive, before he left, the letter, of which I had been sent a copy, I made every effort to locate him by telephone in New York City. I was unable to do so although I tried all Thursday afternoon and all day Friday.

In view of the proximity of the election I was required to give the citizens of Jacksonville the latest word from Washington. A complete copy of the letter follows. (Docket 8206 is the official designation of the power project.)

Washington, D. C.
January 9, 1936.

My Dear Dr. McClelland:
Acknowledgement is made of your letters of January 3 and 4 addressed to the Secretary and to me regarding the Jacksonville waterworks application, Ill-1535.

You are quite correct in your statement that there is no real conflict between the power project and the waterworks application. No matter what the outcome of the bond election on Docket No. 8206 may be, no assurance can be given that the waterworks application will be reinstated. In view of this uncertainty it would be indeed regrettable if the citizens of Jacksonville voted against a bond issue under the mistaken belief that by so doing they were automatically clearing the way for favorable consideration by PWA of the other proposal. That emphatically is not the case.

It is impossible at the present time to state definitely when a decision will be reached in the matter.

Sincerely yours,
Horatio B. Hackett,
Assistant Administrator.

The above letter is the latest available information on the alleged conflict between the two projects. Three things further should be noted: First—the letter received from Mr. Ickes, dated December 26, two weeks before the above letter was written, is not absolute. Mr. Ickes says, "It appears that further action in the case awaits upon the bond election for the power project." Secondly—State Director Bauer's press release at the time of the rescission of the water project stated clearly that the outcome of the power project would have no bearing whatsoever on the reinstatement of the water project. Thirdly—it should further be noted that Col. Hackett's letter to Dr. McClelland, above quoted, is obviously in reply to a letter written by Dr. McClelland after receipt by him of the first letter from Col. Hackett and undoubtedly was written by Col. Hackett to clarify the prior letter to Dr. McClelland noted in his communication of recent date to the Forum.

The two projects should be considered separately, and the latest news from Washington reaffirms this. Respectfully yours,
Orville N. Foreman.

and Market News

Hog Market Off 10 To 20 Cents

Chicago, Jan. 18.—(U.S. Dept. Agr.)—Hog market was narrow this week. Hogs lost 10 to 20 cents, but on the whole the market was comparatively steady, trade having returned to the more normal basis prevailing before the AAA and its processing tax on hogs were eliminated.

Hogs today were nominally steady, only a few sales being made. The trade had 8,000 fresh hogs, including 500 direct, 300 cull, 100 calves and 800 sheep.

Some further price adjustment to elimination of the tax took place in the wholesale pork trade where fresh pork quotations went lower, but this was not disturbing to the livestock market. Hog receipts returned to a normal level, aggregating about 23,000 as compared with 20,000 the previous week but 9,000 more than a year ago. Friday's average price was \$9.80, or 12 cents below a week earlier, and the top was \$10.05, 20 cents lower. Packing sales totaled 10 cents during the week while the low grade cattle available sold strong to 25 cents higher, top for lightweight feeders getting up to \$14.40, but in between and lower grades sold 25 cents during the week. Medium heavies were 50 cents down.

Fat lambs and yearlings lost an early advance and closed on a steady basis compared with a week ago. Aged sheep were strong to 25 cents higher and feeders were firm. The early lamb top was \$11.

Yes You Can Afford WHITING Automatic Heating

Better still—it should cost you less than any heating method you may now be using. For with a Whiting Stoker to feed your furnace, you not only secure the comforts, conveniences and cleanliness of Automatic Heating—but there's far less waste than with hand-firing—and you can use lower-priced grades of coal. Many Whiting owners say they save from \$2 to \$3 a ton. Figure but what that would amount to in the course of a year.

FAR LESS EXPENSIVE
THAN OIL OR GAS

Everyone knows that coal always was the cheapest fuel. It costs you much less than oil or gas heat. And now with a Whiting Stoker coal can be even less expensive—and still you have Automatic Comforts. Let this remarkable machine fire your furnace—while it pays its own way!

PAY AS YOU SAVE

You can have a Whiting Stoker installed on long, easy, time-payment terms—as long as 3 years if you wish. Its savings should then be ample to meet your payments. And that means that you are getting the conveniences of Automatic Heating for nothing—doesn't it?

See us
at Once

Or phone us to call on you. Do this now while we still can supply the demand. Don't go through another winter without Automatic Heating—and don't forget that Whiting Heat is the least expensive of all.

Annulment Paves Way for Wedding

A bride at 14, Dorothy Dudley, 18-year-old daughter of Bide Dudley, New York theatrical comedian, has obtained an annulment of her marriage to Theodore Kuras in what Broadway calls a preliminary to becoming the wife of playwright Sidney Kingsley.

Transfer 72 Mer From Roodhouse to Marquette Project

VPA Employees Will Ride
Trucks To and From
State Park Job

Roodhouse — Seventy-two VPA workers of Roodhouse have been transferred from work on Roodhouse township highway projects to Marquette state park in Jersey county near Grafton.

Owing to weather conditions and the lack of trucking facilities for gravel, Clarence E. Taylor, Roodhouse commissioner of highways, found it difficult to keep a large group of workers efficiently employed on the township highway projects. The transfer was made Thursday. The men will be transported each day to and from the Jersey county project in trucks.

The Parent-Teacher association will meet in the northwest class room of the high school next Monday afternoon, Jan. 20 at 3:30 o'clock.

Miss Irene Short will be the soloist. A discussion on "Today's Child—Tomorrow's Citizen," will be led by Mrs. T. W. Bass.

At the regular meeting of the Baptist Missionary society held in the church this week, it was decided to hold a pot-luck supper in the church next Thursday evening, Jan. 23. Every one invited. A missionary worker from South India will address the meeting following the supper.

Hog Market Off 10 To 20 Cents

Chicago, Jan. 18.—(P)—Price changes in the livestock markets were narrow this week. Hogs lost 10 to 20 cents, but on the whole the market was comparatively steady, trade having returned to the more normal basis prevailing before the AAA and its processing tax on hogs were eliminated.

Hogs today were nominally steady, only a few sales being made. The trade had 8,000 fresh hogs, including 500 direct, 300 cattle, 100 calves and 1,000 sheep.

Some further price adjustment to elimination of the tax took place in the wholesale pork trade where fresh pork quotations went lower, but this was not disturbing to the livestock market. Hog receipts returned to a normal level aggregating about 23,000 head, but the previous week but 9,000 more than a year ago. Friday's average price was \$9.80, or 12 cents below a week earlier, and the top was \$10.05, or 20 cents lower. Packing sales ranged 10 cents during the week while lights lost 25 to 35 cents.

The few high grade cattle available sold strong to 25 cents higher, top for lightweight feedsteers getting up to \$14.40, but in between and lower grades lost 25 cents during the week. Medium heavies were 50 cents down.

Fat lambs and yearlings lost an early advance and closed on a steady basis compared with a week ago. Aged sheep were strong to 25 cents higher and feeders were firm. The early lamb top was \$11.

Glaze Sweet Potatoes

Four medium sized sweet potatoes, 1 cup brown sugar, 1 teaspoon grated nutmeg, 1 cup water, 3 tablespoons butter, 4 tablespoons white corn syrup.

Parboil sweet potatoes in their skins for twenty minutes, just long enough to be able to skin them easily. Cool and skin. Arrange in a baking pan and sprinkle lightly with salt. Make a syrup of sugar, syrup and water, adding nutmeg and butter after syrup begins to boil. Pour over potatoes and bake thirty minutes in a moderate oven (350 degrees F.), basting frequently.

Orleans Women Have Dinner and Program

The Orleans Woman's Country club met Tuesday at the home of Mrs. Grace Davis, for a pot luck dinner served to a large number of members and guests present. Following the dinner the president, Mrs. Ella Dobyns, called the meeting to order and the club prayer was given by the members.

Mrs. Grace Davenport next favored the club with several vocal solos accompanied by Mrs. Sylvia Strawn on the accordion. During the business session the minutes of the last meeting were read and approved. A letter was read from Mrs. Grace Davenport, County President of the Federated clubs, outlining the State health program. Co-operation of the club in this matter was asked in this matter.

The program for the afternoon was in charge of Mrs. Freda Heaton, and Mrs. Marie Mattison. Contests were enjoyed, followed by a very clever play entitled "Dormant Heritage" given by Miss Virginia and Elinor Heaton. Roll call was answered and the members adjourned to meet with Mrs. Anna Drury on January 28.

Guests of the hostess included: Mesdames Robert Gibson, Chas. Bealmer, John Reynolds, Ruben Bates, John Lazenby, Bertie Welborn, Lucy Davis, Rawlings and Miss Violet Davis, Mitchel Zachary, Herbert Jackson.

Municipal Light Plant Issue To Be Decided At Polls Here Tuesday

Voters of Jacksonville will go to the polls next Tuesday to decide whether or not the city shall construct and operate a municipal light and power plant for commercial purposes. The election is expected to bring out a heavy vote, as it has been preceded by a campaign of hot discussion on both sides.

Polls will open at 6 a. m. and close at 5 p. m. in the city's sixteen precincts.

The plan to construct a municipal power plant was inaugurated when it was found that the federal government would grant 45% of the cost, and that the remainder could be financed thru an issue of mortgage certificates. The estimated cost of the project is \$420,000.

Ordinance Passed Nov. 29

Engineers Warren & VanPraag of Decatur were engaged to make the preliminary surveys and draw the plans. The ordinance authorizing the construction of the plant and accepting the government's proposition was passed by the city council Nov. 29, 1935. The ordinance calling an election to decide the matter was passed Dec. 5.

An enormous amount of work has been done in submitting data to the PWA and in drafting and passing the two complicated ordinances. The election will either clear the way for future steps in making the municipal plant a reality, or bring to a permanent halt all plans for the project.

The people will vote on three questions and must approve all to make the plant possible. The first is the question of the enabling ordinance passed by the council Nov. 29. This ordinance must be made valid by popular vote, according to law.

The second question concerns the power to sell electricity. The city seeks approval of the voters to become a seller of power in the same way that it now sells water to private consumers.

The third question asks the people to authorize the issue of \$420,000 worth of mortgage certificates, of which the federal government is pledged to absorb \$189,000 thru a direct grant of 45% of the total cost of the project. The grant is made under the Public Works Administration.

The certificates, according to provisions of the enabling ordinance, are to be paid off from revenue derived from the sale of electricity commercially.

Ready For Election

The election campaign has been strenuous. Both sides in the argument are winding up their activities and preparing for the battle at the polls. Judges and clerks have been appointed. Many absentee ballots have been voted.

Polling places have been designated in the ordinance, as follows:

In Election Precinct No. 1 (in the

First Ward), the polling place will be at Tobin's store, 100 East Lafayette Ave.

In Election Precinct No. 2 (in the First Ward), the polling place will be at the Self building, 238 North Main street.

In Election Precinct No. 3 (in the First Ward), the polling place will be at Mrs. Clarence Large's store, 334 E. Independence Ave.

Hog receipts returned to a normal level, aggregating about 23,000 as compared with 19,000 the previous week. Friday's average price was \$9.80, or 12 cents below a week earlier, and the top was \$10.05, or 20 cents lower. Packing houses raised 10 cents during the week while lights lost 25 to 35 cents.

The few high grade cattle available sold strong to 25 cents higher, top for lightweight feedsteers getting up to \$14.40, but between and lower grades lost 25 cents during the week. Medium heavies were 50 cents down.

Pat lambs and yearlings lost an early advance and closed on a steady basis compared with a week ago. Aged sheep were strong to 25 cents higher and feeders were firm. The early lamb top was \$11.

Catching some of Amy's infec-

"You're certainly a tonic, Amy.

And after this afternoon, I think

I need it."

"Well," said Amy, "you know

"You don't take your own ad-

"Why should I? Nobody else

Municipal Light Plant Issue To Be Decided At Polls Here Tuesday

Voters of Jacksonville will go to the polls next Tuesday to decide whether or not the city shall construct and operate a municipal light and power plant for commercial purposes. The election is expected to bring out a heavy vote, as it has been preceded by a campaign of hot discussion on both sides.

Polls will open at 6 a. m. and close at 5 p. m. in the city's sixteen precincts.

The plan to construct a municipal power plant was inaugurated when it was found that the federal government would grant 45% of the cost and that the remainder could be financed thru an issue of mortgage certificates. The estimated cost of the project is \$420,000.

Ordinance Passed Nov. 29
Engineers Warren & VanPraag of Decatur were engaged to make the preliminary surveys and draw the plans. The ordinance authorizing the construction of the plant and accepting the government's proposition was passed by the city council Nov. 29, 1935. The ordinance calling an election to decide the matter was passed Dec. 5.

An enormous amount of work has been done in submitting data to the PWA and in drafting and passing the two complicated ordinances. The election will either clear the way for future steps in making the municipal plant a reality, or bring to a permanent halt all plans for the project.

The people will vote on three questions and must approve all to make the plant possible. The first is the question of the enabling ordinance, which must be made valid by popular vote, according to law.

The second question concerns the power to sell electricity. The city seeks approval of the voters to become a seller of power in the same way that it now sells water to private consumers.

The third question asks the people to authorize the issue of \$420,000 worth of mortgage certificates, of which the federal government is pledged to absorb \$189,000 thru a direct grant of 45% of the total cost of the project. The grant is made under the Public Works Administration.

The certificates, according to provisions of the enabling ordinance, are to be paid off from revenue derived from the sale of electricity commercially.

Ready For Election
The election campaign has been strenuous. Both sides in the argument are winding up their activities and preparing for the battle at the polls. Judges and clerks have been appointed. Many absentee ballots have been voted.

Polling places have been designated in the ordinance, as follows:
In Election Precinct No. 1 (in the

First Ward), the polling place will be at Tobin's store, 1004 East Lafayette Ave.

In Election Precinct No. 2 (in the First Ward), the polling place will be at the Self building, 239 North Main street.

In Election Precinct No. 3 (in the First Ward), the polling place will be at Mrs. Clarence Large's store, 334 E. Independence Ave.

In Election Precinct No. 4 (in the Second Ward), the polling place will be at the Jacoby residence, 341 North Church street.

In Election Precinct No. 5 (in the Second Ward), the polling place will be at Mrs. George Day's residence, 764 West Lafayette Ave.

In Election Precinct No. 6 (in the Second Ward), the polling place will be at Denny's store, corner of Pine street and West Lafayette Ave.

In Election Precinct No. 7 (in the Second Ward), the polling place will be at Lukeman's Garage, corner West State and Fayette streets.

In Election Precinct No. 8 (in the Fourth Ward), the polling place will be at Ward Book Bindery, 221 West Morgan street.

In Election Precinct No. 9 (in the Fourth Ward), the polling place will be at Joseph S. Findley's residence, 806 West College Ave.

Hog Market Off 10 To 20 Cents

Chicago, Jan. 18.—(P)—Price changes in the livestock markets were narrow this week. Hogs lost 10 to 20 cents, but on the whole the market was comparatively steady, trade having returned to the more normal basis prevailing before the AAA and its processing tax on hogs were eliminated.

Hogs today were nominally steady, a few sales being made. The trade had 8,000 fresh hogs, including 500 direct, 300 cattle, 100 calves and 1,000 sheep.

Some further price adjustment to elimination of the tax took place in the wholesale pork trade where fresh pork quotations went lower, but this was not disturbing to the livestock market. Hog receipts returned to a normal level, aggregating about 23,000 as against the previous week but 9,000 more than a year ago. Friday's average price was \$9.80, or 12 cents below week earlier, and the top was \$10.05, or 20 cents lower. Packing sales gained 10 cents during the week while lights lost 25 to 35 cents.

The few high grade cattle available sold strong to 25 cents higher, top for lightweight feedsteers getting up to \$14.50, but medium and lower grades lost 25 cents during the week. Medium heavies were 50 cents down.

Pat lambs and yearlings lost an early advance and closed on a steady basis compared with a week ago. Aged sheep were strong to 25 cents higher and feeders were firm. The early lamb top was \$11.

"No fooling, Amy. But I didn't get the job."

Amy made a sound of dismay. "I've been down at the Green Club a lot—and I never did think he knew a singer when he heard one, she said loyally."

JULIA leaned forward excitedly. "He did say my voice was good, though, Amy. I—I think he might have given me a chance if it hadn't been for the note that Peter Kemp wrote."

"What do you mean?"

Julia told her of Peter's advice to Henri Lamb.

"That was a mean trick," Amy agreed. "But the poor kid's so much in love with you that he doesn't know right from wrong."

"No," said Julia, putting on her hat. "I'd much rather go alone."

Hog Market Off
10 To 20 Cents

Chicago, Jan. 18.—(U. S. Dept. Agr.)—Price changes in the livestock markets were narrow this week. Hogs lost 10 to 20 cents, but on the whole the market was comparatively steady, trade having returned to the more normal basis prevailing before the AAA and its processing tax on hogs were eliminated.

Hogs today were nominally steady, only a few sales being made. The trade had 8,000 fresh hogs, including 7,500 direct, 300 cattle, 100 calves and 2,000 sheep.

Some further price adjustment to elimination of the tax took place in the wholesale pork trade where fresh pork quotations went lower, but this was not disturbing to the livestock market. Hog receipts returned to a normal level, aggregating about 23,000 less than the previous week but 9,000 more than a year ago. Friday's average price was \$9.80, or 12 cents below a week earlier, and the top was \$10.05, or 20 cents lower. Packing sows gained 10 cents during the week while lights lost 25 to 35 cents.

The few high grade cattle available sold strong to 25 cents higher, top for lightweight feeders getting up to \$14.40, but in between and lower grades lost 25 cents during the week. Medium heavies were 50 cents down.

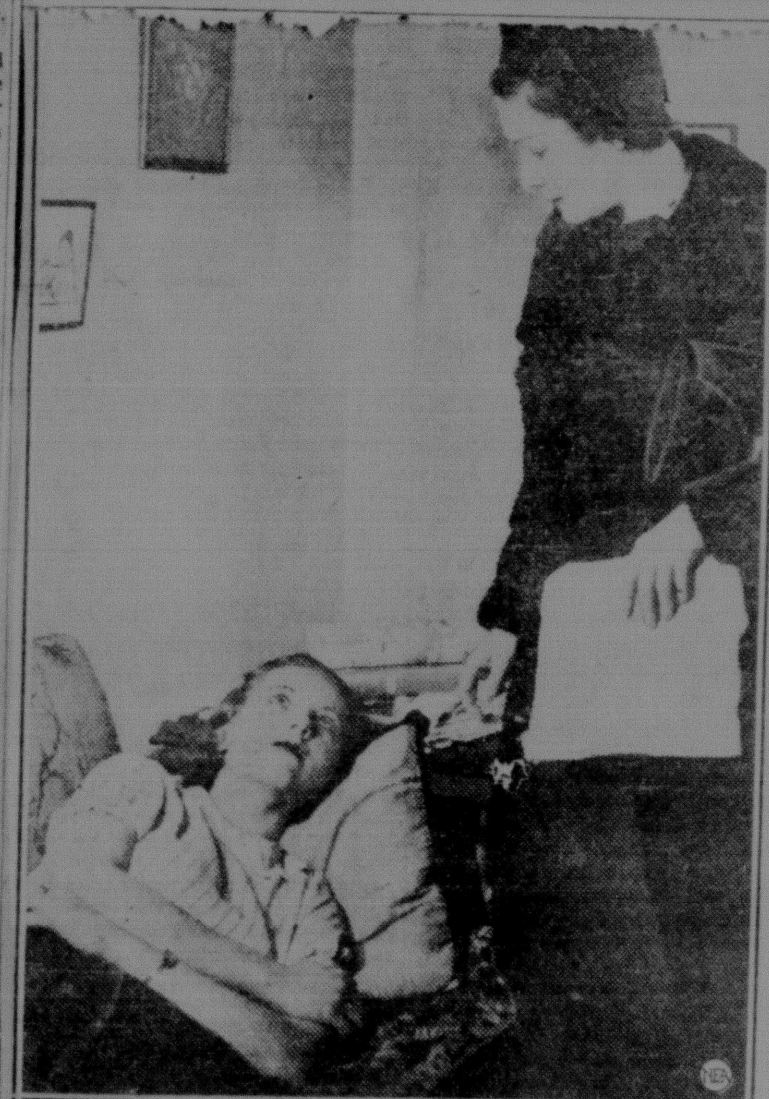

Pat lambs and yearlings lost an early advance and closed on a steady basis compared with a week ago. Aged sheep were strong to 25 cents higher and feeders were firm. The early lamb top was \$11.

telephone and asked to be connected with Peter Kemp. When he answered she said slowly, "This is Julia. Quite by accident I read our note to Henri Lamb. Thank you very much."

In the silence that followed she could almost feel his astonishment at the other end of the wire. Then he burst out, "But, Julia, I—"

"There really isn't anything else to say, Peter. Goodbye."

She had hardly replaced the instrument in its cradle when Peter himself was in the room.

"Julia, I—I know it was a rotten thing to do. But I—can't you see that it was only because—"

Julia got up from her desk in a quick, angry movement which effectively stopped his faltering defense. "I'd rather not talk about it, Peter. I've a headache and I'm going home."

"Won't you let me take you?" "No," said Julia, putting on her hat. "I'd much rather go alone."

It seemed odd to let herself into the little apartment so early. Not since she had started to work for Woodford and Brooks had she left the office before 6:15. Somehow this realization made her more determined than ever to leave it one day soon forever. With a weary sigh of relief she dropped onto the davenport and closed her eyes.

Soon she was asleep, to be awakened later by the sound of Amy's key in the lock. Her roommate started at sight of Julia on the davenport. "What's wrong? . . . Are you ill?"

Julia shook her head and smiled weakly. "Just a slight case of shell

Be Sure YOU Can Cross the Street Safely

Strong warning against carelessness in crossing streets is contained in the A. A. A. Safety Poster for January being distributed to Jacksonville schools by the Jacksonville Automobile Club. T. M. Tomlinson, president of the local motoring organization announced yesterday. The effectiveness of these posters as a means of impressing the need for safety upon school children is demonstrated by the increased number of schools now making use of this method of curbing child fatalities. Mr. Tomlinson declared.

"I am advised by A. A. A. national headquarters," he said, "that nearly twice as many of the safety posters are being used in schools throughout the nation this year than last, reaching an audience of millions of children."

Commenting on the importance of the School Patrols and the safety lessons have played no small part in the better safety record of grade school children.

"Depicting a big horn carefully inspecting the terrain before making crossing, the January poster impresses that crossing streets is even more hazardous than leaping from cliff and urges: 'Be sure you can cross the street safely.' This poster is another in the series based on habits of birds and animals as a unique method of attracting child attention."

home Thursday morning and tear the ligaments loose in her shoulder. Mrs. Hofstetter had to have x-ray pictures taken at the Schmitt Memorial hospital Friday morning as it was thought at first that the collarbone was broken. She was accompanied to Beardstown by Dr. A. F. Streuter and Mrs. Opal Blair.

William Lovekamp entered the Schmitt Memorial hospital Thursday evening for treatment. Mr. Lovekamp was accompanied to Beardstown by Dr. A. M. Johnson and Dr. A. C. Bolle.

Entertains Club
Mrs. Julia Hofstetter entertained the Helping Hand club at her home Thursday. At noon a pot luck dinner was served. The day was spent in quilting and piecing a quilt.

Mrs. A. M. Johnson became a new member of the club. Those present were, guests, Mrs. Opal Blair of Chapin; Mrs. J. S. Batis and Miss Mildred Hansmeier; members, Mrs. Lee Brainer, Mrs. F. A. Pielsdorf, Mrs. Wilbur Huey, Mrs. Farrell Cooper and son; Mrs. H. C. Johnson, Mrs. A. M. Johnson, Mrs. Herman Engelbach, Mrs. Dan Miller, Mrs. Doyle Henry and daughter; Mrs. Alice Giger, and the hostess.

NEW OFFICERS TAKE
CHARGE OF BAPTIST
CLASS AT WHITE HALL

White Hall—The 4-19 class of the First Baptist church held the regular meeting Thursday night at the home of Mrs. Graves, who very kindly offered her home in place of her daughter, Mrs. Harry Watt. There were twenty members and four guests present.

Following the devotional period in charge of Miss Laura Duncan, Mrs. Watt installed the newly elected officers: Mrs. Ray Fraser, president; Miss Emma Thuet, vice-president; Mrs. Ernest Rhoades, social secretary; Miss Ethel Wendell, treasurer; Miss Bird Duncan, reporter; Mrs. A. M. Nevius, teacher and Miss Laura Duncan is assistant teacher.

Mrs. Ward Hull was in charge of the entertainment and offered a clever game in which she tested the experience of the cooks in the class, with thirty different articles which are used in cooking. These included salt, sugar, pepper, spices, etc. The guests were allowed to taste or smell if they cared to do so, and prizes were awarded.

Mrs. Hull, Mrs. Lida Livingstone and Miss Emma Thuet, presented a very clever little missionary play. The hostesses, Mrs. A. B. Lewis, Mrs. Ernest Rhoades and Mrs. Cleve Corder served refreshments.

Mrs. Nora Mason and Mrs. Nellie Ferguson went to Jacksonville Friday afternoon on a business trip.

Mrs. Hallie Jouett went to Alton Friday to visit with her children for a few days.

The streets, sidewalks and dirt roads are very slippery with a coating of ice which came in the form of a mist and froze as it fell, over a light snow which fell several days ago.

40 ATTEND P. T. A. MEETING FRIDAY AT LYNNVILLE SCHOOL

The Lynnville P. T. A. met on Friday evening in the school with forty members and guests present, a good attendance considering weather conditions and illness in the community.

The meeting was opened by singing two new songs written especially for the Parent-Teachers association and were led by Yates Potter. The Lord's Prayer was repeated in unison.

The president, Edith Mason, presided over the business session. The By-Laws of the organization were read by the secretary, Gladys Coates. The following members answered the question, "What Benefits Do We Derive from Belonging to the National State Congress of P. T. A.": Mr. Spencer, Mrs. Crouse, Mrs. Scholfield and Miss Barber.

Other numbers on the program were: Solo, entitled "The Good Ship Lollipop" by Mary Helen Potter; Demonstration of Colors with first grade pupils by the teacher, Mrs. Kinsella. The primary girls sang during the entertainment.

Different phases of the P. T. A. work were discussed—Music, art and health by the president; spiritual training in the home by Sallie Heaton; motion picture appreciation by Yates Potter; safety by Henry Mason; recipe for a perfect P. T. A. by Dorothy Potter. The benediction was given by Mr. Thompson.

If our municipal water plant is such a success why has our city council applied for a \$460,000 bond issue to fix it up and increase the water supply. Adv.

Former Carrollton Girl is Married

Margaret Frances Tucker
and Robin D. Edwards
Wed in Indiana

Jerseyville—Announcement is being made of the marriage of Miss Margaret Frances Tucker of this city to Robin Dwight Edwards of Indianapolis, Indiana.

The wedding took place in that city the evening of January 1st, while the bride was on her vacation, the ceremony being performed by the Rev. Joseph Meers, pastor of the United Presbyterian church, at his residence. The attendants were Mr. and Mrs. Zale Edwards, cousins of the groom.

Mrs. Edwards is the elder daughter of Mr. and Mrs. Thomas Tucker of this city. She was graduated from the Kane High school in the class of 1930 and from the Carrollton high school in the class of 1931. For some time she has been employed as a stenographer in the abstract office of Harry C. Richards.

Mr. Edwards is the only son of late James L. Edwards and Mrs. Nettie C. Edwards of Jerseyville. For some time he has been associated with the National Life and Accident Insurance company at the Indianapolis office. At the present time, Mrs. Edwards is visiting with her parents here but will leave in the near future for her new home.

Release Three Men
After Stolen Watch
Has Been Recovered

Arenville Marshal Picks Up
Suspects Following Rob-
bery at Concord

Arenville—Three men were picked up and lodged in the local jail Thursday evening by Marshal L. D. Hierman on suspicion. Mr. Hierman had received word from Concord that two men were seen entering the home of Eliza Harmon in Concord Thursday and were seen later headed down the railroad track toward Arenville. A small sum of money, a flash light, and gold watch and chain was stolen from the Harmon home.

Officers obtained a confession from one of the trio Friday morning and found the watch and chain outside of the jail where he had hidden it before he was arrested. The trio were released because Mr. Harmon did not wish to prosecute after the watch and chain was returned to him although he did not get the flashlight and money back.

Reelect Bank Directors
The stockholders of the First National Bank held their annual meeting at the bank Tuesday night, Jan. 14th. The following directors were re-elected: Herman Engelbach, O. H. Niemann, Dr. Friedrich Engelbach, W. H. Roegge, Mrs. A. C. Hart and A. C. Hart.

The directors also elected the following officers: President, Herman Engelbach; Vice President, W. H. Roegge; Cashier, A. C. Hart.
Mrs. William Winkelman underwent a surgical operation at the Schmitt Memorial hospital at Beardstown Tuesday morning. Mr. Winkelman visited her at the hospital Wednesday.

Mrs. Lula Hofstetter had the misfortune to fall on the ice in front of her

home Thursday morning and tear the ligaments loose in her shoulder. Mrs. Hofstetter had to have x-ray picture taken at the Schmitt Memorial hospital Friday morning as it was thought at first that the collarbone was broken. She was accompanied to Beardstown by Dr. A. F. Streuter and Mrs. Opal Blair.

William Lovekamp entered the Schmitt Memorial hospital Thursday evening for treatment. Mr. Lovekamp was accompanied to Beardstown by Dr. A. M. Johnson and Dr. A. C. Bolle. Entertains Club
Mrs. Lula Hofstetter entertained the Helping Hand club at her home Thursday. At noon a pot luck dinner was served. The day was spent in quilting and piecing a quilt.

Mrs. A. M. Johnson became a new member of the club.
Those present were, guests, Mrs. Opal Blair of Chapin; Mrs. J. S. Batis and Miss Mildred Hansmeyer; members, Mrs. Lee Brainer, Mrs. F. A. Prolsgraf, Mrs. Wilbur Huey, Mrs. Parrell Cooper and son; Mrs. H. C. Johnson, Mrs. A. M. Johnson, Mrs. Herman Engelbach, Mrs. Dan Miller, Mrs. Doyle Henry and daughter; Mrs. Alice Giger, and the hostess.

NEW OFFICERS TAKE
CHARGE OF BAPTIST
CLASS AT WHITE HALL

White Hall—The 4-10 class of the First Baptist church held the regular meeting Thursday night at the home of Mrs. Graves, who very kindly offered her home in place of her daughter, Mrs. Harry Watt. There were twenty members and four guests present.

Following the devotional period in charge of Miss Laura Duncan, Mrs. Watt installed the newly elected officers. Mrs. Ray Fraser is president; Miss Emma Thuest, vice-president; Mrs. Ernest Rhoades, social secretary; Mrs. Lucy Kelly, class secretary; Miss Ethel Wendell, treasurer; Miss Bird Duncan, reporter; Mrs. A. M. Nevius, teacher and Miss Laura Duncan is assistant teacher.

Mrs. Ward Hull was in charge of the entertainment and offered a clever game in which she tested the experience of the cooks in the class, with thirty different articles which are used in cooking. These included salt, sugar, pepper, spices, etc. The guests were allowed to taste or smell if they cared to do so, and prizes were awarded.

Mrs. Hull, Mrs. Lida Livingstone and Miss Emma Thuest, presented a very clever little missionary play. The hostesses, Mrs. A. B. Lewis, Mrs. Ernest Rhoades and Mrs. Cleve Corde served refreshments.

Mrs. Nora Mason and Mrs. Nellie Ferguson went to Jacksonville Friday afternoon on a business trip.

Mrs. Hallie Joubert went to Alton Friday to visit with her children for a few days.

The streets, sidewalks and dirt roads are very slippery with a coat of ice which came in the form of a mist and froze as it fell, over a light snow which fell several days ago.

Surts at Opening Part of Each Period Bring Titans Ninth Straight Win of Year

Bloomington, Jan. 18.—Illinois Wesleyan's Titans rang up their ninth straight basketball triumph of the season here tonight in Memorial Gymnasium over the defending champions of the Little 19 conference, Illinois College, 47 to 35.

Two spurts, coming at the beginning of each half, turned the tide in Wesleyan's favor, but they found they had to tend to their basketball scoring all through the forty minutes of battling.

Off in front at the start by a 13-2 score at the end of 12 minutes, the Titans suddenly found the Blueboys out in front as the result of a scoring drive, 16 to 14. Wesleyan went to work again to get a 20 to 16 lead at the end of the first half, and then shot out in front as the second half opened.

Again Illinois rallied, but the rally was stopped short of matching the points pitched in by Wallace and his mates. Wallace topped the scoring list for the evening with a total of 13 points.

Lasiter, Illinois College's point getting center, tossed in nine points, to tie with Virgil Fletcher, who also pitched in nine points. Illinois gave a demonstration of well balanced scoring power, but they couldn't match the Wesleyan speed and accuracy tonight.

Lasiter's record of nine points was made against the same guard who held Delmar Cox, Millikin's center, to four free throws early this week.

Wesleyan missed eight free tosses, and the Blueboys failed to score on six chances.

The STRANGE CASE of JULIA CRAIG

by Nard Jones

Copyright NEA 1935

BEGIN HERE TODAY

JULIA CRAIG, a pretty young secretary to GEORGE WOODFORD of the law firm of Woodford and Brooks, is ambitious to become a night club singer. Julia shares an apartment with AMY SANDERS, who works in an exclusive dress shop.

PETER KEMP, also employed by Woodford and Brooks, is in love with Julia and has asked her to marry him. Julia discourages his attentions. He agrees to give her a letter of introduction to HENRI LAMB, band leader at the Green Club.

Lamb hears Julia sing, but does not offer her a job. About to leave his office, Julia sees Peter's letter, and learns that he asked Lamb to discourage her about becoming a singer.

Surts at Opening Part of Each Period Bring Titans Ninth Straight Win of Year

Bloomington, Jan. 18.—Illinois Wesleyan's Titans rang up their ninth straight basketball triumph of the season here tonight in Memorial Gymnasium over the defending co-champions of the Little 19 conference, Illinois College, 47 to 35.

Two spurts, coming at the beginning of each half, turned the tide in Wesleyan's favor, but they found they had to tend to their basketball scoring all through the forty minutes of battling.

Off in front at the start by a 13-2 score at the end of 12 minutes, the Titans suddenly found the Blueboys out in front as the result of a scoring drive, 16 to 14. Wesleyan went to work again to get a 20 to 16 lead at the end of the first half, and then shot out in front as the second half opened.

Again Illinois rallied, but the rally was stopped short of matching the points pitched in by Wallace and his mates. Wallace topped the scoring list for the evening with a total of 13 points.

Lasiter, Illinois College's point getting center, tossed in nine points, to tie with Virgil Fletcher, who also pitched in nine points. Illinois gave a demonstration of well balanced scoring power, but they couldn't match the Wesleyan speed and accu-

racy tonight. Lasiter's record of nine points was made against the same guard who held Delmar Cox, Millikin's center, to four free throws early this week.

Wesleyan missed eight free tosses, and the Blueboys failed to score on six chances.

Reelect Board Of Trustees At Annual Hospital Meeting

Reports Are Heard At Session Conducted At Passavant Hospital

The annual meeting of the board of governors of Passavant Memorial Hospital was held at the hospital recently. The following governors were reelected to the board of trustees for a period of four years: Dr. C. P. McClelland, Mrs. Wm. Floeth, M. R. Range and H. M. Andre.

Arthur Swain as president of the board of trustees reported on the improvements made on the hospital buildings during the past year. Improvements at the hospital and Nurses' Home are being considered. He brought out the point that the hospital is controlled by a board of trustees elected by the governors who are representatives of the Protestant people of Jacksonville and Morgan county.

M. R. Range as secretary reported that regular meetings were held each month and four special meetings were called. Mrs. Anne Swain, J. B. Peak and Arthur Swain were present at each meeting. On January 28 the death of the former superintendent, Mrs. Ida V. Rodgers, came as a sad blow to the hospital. Miss Dee Elsom was elected as acting superintendent and has since been in charge. Last spring the regular annual luncheon for the ministers of the churches associated with the hospital together with the officers of the medical staff was held with a good attendance.

The report of the treasurer, F. E. Farrell, was read and approved.

Miss Dee Elsom, acting superintendent, gave a report on the activities and management of the hospital. During the year a total of 1895 patients were treated. Of these 675 were outpatients who made 1231 visits to the hospital. The number of in-patient nursing days was 14,501, out-patient nursing days 1231. The average day was 43.1. In the surgical department 816 operations were performed. This was an increase of 13.5 per cent over the record for last year. The obstetrical department reports a total of 147 babies were born during the year. This was an increase of 53 per cent over last year. Included in the above were three pairs of twins and two caesarian sections.

The clinical laboratory also shows an increase in the number of procedures for the year, the total being 12,524 which meant that a total of 34,331 procedures were carried out each day the average number for each in-patient being 9.67. Two hundred and ninety-nine patients visited the X-Ray department. The dietary department prepared and served 105,877 meals. In addition 526 infant feedings were prepared. The isolation building was open 111 days and the following types of cases were cared for: measles, scarlet fever, erysipelas, meningitis and streptococcus infection.

Changes In Personnel
A number of changes in personnel have taken place. The first occurred January 28 when Mrs. Ida V. Rodgers, superintendent passed away following an illness of short duration. Mrs. Rodgers had served the hospital as superintendent a period of approximately thirty years. She was untiring in her efforts to further the interests and make friends for the hospital. Since that time the present acting superintendent Miss Dee Elsom has been in charge.

To fill the vacancy as director of nurses Miss Lona Liebenstein, B. S., R. N. was secured. Miss Liebenstein is a graduate of Wesley Memorial Hospital School of Nursing, Chicago and MacMurray College, Jacksonville.

For some time there has been a growing demand for oxygen therapy. To meet this demand the hospital purchased an oxygen tent, which has been in use and has proved very effective.

Dr. George L. Drennan, secretary of the attending medical staff reported the following officers were elected for this year:

President—Dr. W. H. Newcomb.
Vice-president—Dr. A. G. Wolfe.
Secretary—Dr. Geo. L. Drennan.
Medical advisory committee—Dr. T. O. Hardesty, Dr. Carl E. Black, Dr. Geo. R. Bradley.

Dean of the training school—Dr. H. C. Woltman.
Advisory training school committee—Dr. H. C. Woltman, Dr. C. E. Cole, Dr. A. G. Wolfe.

Dr. H. C. Woltman, as dean of the training school and chairman of the advisory training school committee, stated that the work of the training school had been up to its usual standard. A number of meetings of the committee were called to discuss matters pertaining to the curriculum and training of the student nurses.

Miss Lona Liebenstein reported for the School of Nursing that there were sixteen nurses in the school, six new students were admitted in the fall and seven were graduated.

Dinner Here Will Honor L. Schriver President Of National Association To Speak At Meet Wednesday

The local Life Underwriters Association announces that Lester O. Schriver, president of the National Life Underwriters Association will be the main speaker at their meeting next Wednesday. In sponsoring the meeting the local Association is giving a dinner in honor of Mr. Schriver and are inviting Jacksonville citizens to participate in the affair.

Mr. Schriver is a native of Connecticut; entered the insurance business at Middletown, Connecticut, after having been engaged in Y. M. C. A. and church work for a period of eight years. He was educational director and later superintendent of agencies for the Aetna Life Insurance Company, and at the present time is general agent in Illinois for the same company. He is one of the outstanding life insurance men in United States. Is a fluent speaker, an authority on American history and greatly interested in community work.

E. W. Logie is president of the local Association and L. T. Oxley chairman of the arrangements committee for the dinner meeting which will be held at 6:00 p. m. at the Peacock Inn. It is expected that Dr. C. P. McClelland will introduce the guest speaker.

Four-H Club Names Officers

William Patterson President Of Organization Newly Formed

The newly organized Four-H club with members in the Orleans, Arnold and Pisgah communities met Thursday night at the East Liberty school for an election of officers. The meeting was in charge of the leaders, Eugene Greenleaf and Allen Smith. Officers were chosen as follows: President—William Patterson. Vice President—David Greenleaf. Secretary—Marjorie Smith. Assistant Secretary—Mildred Smith. Reporter—Charles Davis. Recreational Chairman—Paul Anderson.

Sixteen members were in attendance and it was announced that 32 have joined the club. A name for the organization will be selected at the next meeting which will be held on the evening of January 30, 7:30 o'clock, at East Liberty school.

TWO MORE TEAMS ARE NEEDED TO FILL UP VOLLEY BALL LEAGUE

Five games of volley ball are scheduled for this week on Tuesday and Wednesday in the Washington gymnasium. The regular schedule will start after this set. There is room for two more teams to complete the 12 teams for the league. Any teams interested are urged to notify Mr. Hermann at the Y.M.C.A. as otherwise the league will be formed with the ten teams already entered.

MRS. D. W. CREE DIES AT GRIGGSVILLE HOME SATURDAY

Griggsville, Ill., Jan. 18.—Mrs. D. W. Cree, one of Griggsville's highest respected citizens, died at her late home here at 10:30 a. m. following a heart attack. She had lived continuously in her home on West Quincy avenue for the last eighty-eight years.

Lucy Ann Hatch was born at Alsted, New Hampshire, Jan. 5, 1845. Her parents were Dr. and Mrs. Reuben Hatch.

On Oct. 24, 1871, she united in marriage with D. W. Cree. Two children were born, Elsie and Helen, who survive. Mr. Cree died three years ago tomorrow.

Mr. and Mrs. Cree have conducted a furniture store in Griggsville for many years, since 1864.

About fifty years ago Mrs. Cree founded the Cree Missionary Society in the local Congregational church, of which church she was a loyal member, and has continuously maintained an active interest in its work. She was active in the work of the W. C. T. U. and served as its president for many years. She was also a member of the Bible Club and has throughout her life co-operated in all things for community building and betterment.

Funeral services will be held Monday at 2:30 p. m. at the late home with interment following in Griggsville cemetery, with Rev. J. K. Puff, rector of St. James church, officiating.

WILLIAM ROSSI OF VIRGINIA IS SHOT BY STRAY BULLET

Virginia, Jan. 18.—A personal difference between two young men here this afternoon ended in a shooting at seven p. m. in the Rossi tavern on the south side of the square, William Rossi, a bystander and employed by his father in the tavern being seriously wounded.

Witnesses reported that when the two men, Jack Widmayer and "Tuffy" Stout, met this evening they engaged in a quarrel. After a few words, Widmayer is alleged to have produced a gun and fired two shots. One bullet struck Rossi in the back of the neck.

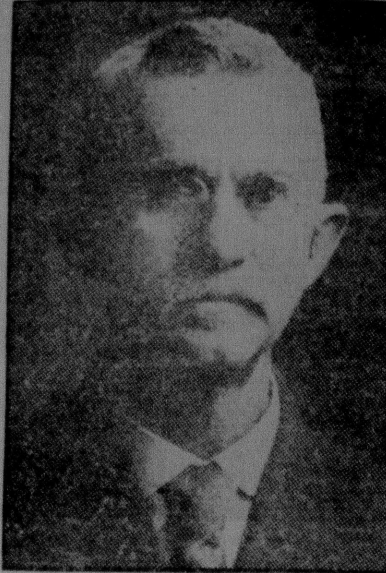

Rossi was rushed to the Schmidt Memorial hospital in Beardstown, where it was reported tonight that his condition was "fairly good." X-ray photographs will be taken in the morning in an effort to determine the location of the bullet and real extent of the wound. It is expected that he will recover.

Widmayer is being held tonight in the county jail, pending investigation.

CONDITION IMPROVES

Watson Madden of the Riggs town community is recovering nicely from an appendicitis operation in Passavant hospital.

Tax Valuations In Scott Increase

Decrease Due To Lower Values Of R. R. Properties; News Notes

Winchester, Jan. 18.—The final tabulations on the tax valuations of Scott County for 1935, according to figures obtained from the office of Bert Willis, County Clerk, show a slight decrease from the valuations for 1934. The valuations for this year total \$8,409,367.00 as compared to \$8,562,838.00 for last year. The decrease in the value of taxable property is due primarily to a decrease of \$107,000.00 in the valuations of the properties of the C. B. & Q. Wabash and Alton Railroads in this county. These valuations are set by the State Tax Commission and are out of the control of the county assessor, H. C. Montgomery.

Mathews To Mark Fiftieth Wedding Date Here Monday

Occasion To Be Observed With Dinner To Be Held At Noon Today

Wedding bells will ring tomorrow in the city, but their ringing will be mellowed with the golden tidings of fifty years of married life for Mr. and Mrs. Frank S. Mathews, 732 Bedwell street.

Fifty years ago, Elizabeth McCullough and Frank Mathews said the marriage vows at a large wedding at her home on South West street. The highly respected Jacksonville couple will observe the anniversary quietly, receiving at open house the many friends, neighbors and relatives who will extend them congratulations.

Today at noon the immediate family, numbering 22, will have a dinner at the home celebrating the occasion. They will be presented with appropriate gifts, including china, silverware and table linen, by their children and grandchildren.

Nineteen years ago, Mr. and Mrs. Mathews lived in Spokane, Washington, for three years. Aside from this period, their entire lives have been spent in this community.

Mrs. Mathews was born on January 14, 1866, at her home on South West street, the daughter of Frank McCullough, a blacksmith in the city.

Mr. Mathews was born December 14, 1865 on a farm 8 miles east of town, the son of Dick Mathews. He has followed the carpenter and contractor trades, recently being employed as meter repair man in the Jacksonville water department.

Throughout a period of years, Mr. Mathews' greatest recreation has been hunting and fishing. Mrs. Mathews is an accomplished seamstress, doing crocheted and embroidered and piecing a number of fine quilts. A great many of these represented unselfish work for her children.

The Mathews' are members of the Central Christian church.

Three children are living. They are Mrs. Fred May, 310 East College avenue; Fred Mathews, 229 East State street; and Franklin Mathews, 405 East Morton avenue. There are 8 grandchildren and one great grandchild, Janice Louise May, aged 7 years. The grandchildren are as follows: Ruth Annette May, Ral Johnson, Harold Frederick May, Margaret Louise May, Carline May, Mrs. William Byers, Mrs. Mathews, Jack Mathews and Bobby Mathews.

News Notes

Friends here have also received word of the engagement of Miss Vauvree Thompson, daughter of Mr. and Mrs. Loren Thompson, to Warren Larson of Corvallis, which was announced recently at a dinner party at the Kappa Delta house to ten of Miss Thompson's sorority sisters.

Miss Thompson was a former resident here and a graduate of the class of 1931 of the Virginia high school. She graduated from the Oregon State College with the class of 1935, and is employed in the rehabilitation office on the college campus.

Mr. Larson is also a graduate of the Oregon State College, and at present is a teacher of biological sciences in the high school at Astoria, Ore. The young couple have not announced their wedding date.

Miss Audrey Fair, music teacher in the Roodhouse schools, is spending the week-end with her parents, Mr. and Mrs. Clyde Fair.

Mrs. Nellie Kelly entertained the H. B. Bridge club Friday evening. Three tables were in play, with high score favors awarded to Mrs. John Trenter and Mrs. W. W. Waggoner, and the guest prize to Mrs. Elmer Branhart. Other guests of the club were Mrs. Rachel Ross and Miss Margaret Crawford.

Mrs. Geo. Decker has returned from Jacksonville where she has been at the bedside of her daughter, Miss Louise, who is a hospital patient there.

Miss Nellie Irvine was a Saturday visitor in Springfield.

Mr. and Mrs. Edwin Chamberlain will leave soon to visit their daughters in Los Angeles, Cal. They will make the trip by motor.

Announcement has been made of the approaching marriage of Miss Annabelle Elmer, daughter of Mr. and Mrs. Elmer, to Maurice J. Kish, son of Mr. and Mrs. Robert J. Kish of this city. The wedding will take place on Saturday, Jan. 25th.

Meddies Elmer Branhart, Margaret Wilson, E. R. Cleary, Adrian Artholony and the Misses Margaret Hefford and Red Black were in Beardstown recently where they saw "The Little Rebel."

At a recent meeting of the board of directors of the Cass Farmers Oil Co. the following officers were elected: President, A. E. Crum; vice-president, J. H. Kuhlman; secretary-treasurer, H. H. Conover; O. W. Genthner, W. H. Witte, Jr. and Herbert Pilger were elected as members of the board.

Mrs. Wm. Emerich suffered a sprained wrist as the result of a fall on the ice at her home.

Mr. and Mrs. Raymond Fanning of southeast of this city, are the parents of a son, who has been named Richard William.

Miss Jo Crum, relief worker, is recovering from very severe bruises received in a fall on the ice while attending to her duties at Ashland.

ODD FELLOWS TO HOLD OPEN HOUSE TODAY

Stock Prices

Nose Downward

By Frank MacMillen
Associated Press Financial Writer
New York, Jan. 18.—(AP)—Stock prices moved downward today through-out the distracted session. A sharp decline in the stock market was caused by a number of the recently active groups indicated a general bear in the list.

Stocks changed hands at a fairly brisk rate for the two-hour trading period. Turnover in the stock exchange totaled 10,779,391 shares. A decline of 3 of a point was registered by The Associated Press average of 60 stocks, at 57.8. The industrial, public and utilities used in the compilation declined about equally. Most of the power and carrier issues, Motors Steel and Mines appeared rather friendless during the whole session.

Many of the so-called pivotal shares, and some of the equities which have been taken in recent session dropped back fractions to a point or more.

The STRANGE CASE of JULIA CRAIG

by Nard Jones

Copyright NEA 1936

BEGIN HERE TODAY

JULIA CRAIG, pretty young secretary to GEORGE WOOD, head of the law firm of Wood, Lamb and Brooks, is ambitious to become a night club singer. Julia shares an apartment with ABE SANDERS, who works in an exclusive dress shop.

PETER KEMP, also employed by Wood and Brooks, is in love with Julia and has asked her to marry him. Julia discourages his attentions. He agrees to give her a letter of introduction to HENRI LAMB, head tender at the Green Club.

Lamb hires Julia, but does not offer her a job. About to leave his office, Julia sees Peter's letter and learns that he asked Lamb to discourage her about becoming a singer.

NOW GO ON WITH THE STORY

CHAPTER IV
HER face flaming with swift anger, Julia read Peter's note again. She whirled impulsively, and saw Henri Lamb standing in the doorway. His heavy face, too, was slowly reddening—but not from anger. For several seconds he could not speak in his embarrassment.

"After all," he said, at last, "I—your see, Peter Kemp is a friend of mine. He once did a great favor for me."

"Did it occur to you," asked Julia, "that I might not be interested in whether Peter Kemp is in love with me? And now I—I'll never speak to him again!"

"Because he's so much in love with you?" asked Lamb quietly. Then he added, "But I am sorry. You—you must think very badly of me now."

"The only thing I'm interested in is whether I'm good enough to get a job in a night club, Mr. Lamb. Will you please tell me that—honestly?"

Henri Lamb shrugged. "Your voice is good for these modern songs. And you are an attractive young woman. That counts a lot, too."

"But not good enough for the Green Club?"

"I didn't mean that. As I said, I was trying to help Kemp. He smiled widely. 'I'm afraid I've done a bad job of

Reelect Board Of Trustees At Annual Hospital Meeting

Reports Are Heard At Session Conducted At Passavant Hospital

The annual meeting of the board of trustees of Passavant Memorial Hospital was held at the hospital recently. The following governors were reelected to the board of trustees for a period of four years: Dr. C. P. McClelland, Mrs. Wm. Florent, M. R. Range and H. M. Andre.

Arthur Swain as president of the board of trustees reported on the improvements made on the hospital buildings during the past year. Improvements at the hospital and Nurses' Home are being considered. He brought out the point that the hospital is controlled by a board of trustees elected by the governors, who are representatives of the Protestant people of Jacksonville and Morgan county.

M. R. Range as secretary reported that regular meetings were held each month and four special meetings were called. Mrs. Ames Swain, J. B. Peak and Arthur Swain were present at each meeting. On January 23 the death of the former superintendent, Mrs. Ida V. Rodgers, came as a sad blow to the hospital. Miss Dee Elsom was elected as acting superintendent and has since been in charge. Last spring the regular annual luncheon for the ministers of the churches associated with the hospital together with the officers of the medical staff was held with a good attendance.

The report of the treasurer, P. E. Farrell, was read and approved.

Miss Dee Elsom, acting superintendent, gave a report on the activities and management of the hospital. During the year a total of 1895 patients were treated. Of these 675 were outpatients who made 1231 visits to the hospital. The number of in-patient nursing days were 14,501, out-patient nursing days 1231. The average day was 43.1. In the surgical department 816 operations were performed. This was an increase of 33 per cent over last year. Included in the above were three pairs of twins and two caesarian sections.

The clinical laboratory also shows an increase in the number of procedures for the year, the total being 12,524 which meant that a total of 34,331 procedures were carried out each day, the average number for each in-patient being 9.67. Two hundred and ninety-nine patients visited the X-ray department. The dietary department prepared and served 105,677 meals. In addition 526 infant feedings were prepared. The isolation building was open 111 days and the following types of cases were cared for: measles, scarlet-fever, erysipelas, meningitis and streptococcus infection.

Changes In Personnel

A number of changes in personnel have taken place. The first occurred January 28 when Mrs. Ida V. Rodgers, superintendent passed away following an illness of short duration. Mrs. Rodgers had served the hospital as superintendent a period of approximately thirty years. She was untiring in her efforts to further the interests and make friends for the hospital. Since that time the present acting superintendent Miss Dee Elsom has been in charge.

To fill the vacancy as director of nurses Miss Lona Liebenstein, B. S., R. N. was secured. Miss Liebenstein is a graduate of Wesley Memorial Hospital School of Nursing, Chicago and MacMurray College, Jacksonville.

For some time there has been a growing demand for oxygen therapy. To meet this demand the hospital purchased an oxygen tent, which has been in use and has proved very effective.

Dr. George L. Drennan, secretary of the attending medical staff reported the following officers were elected for this year:

President—Dr. W. H. Newcomb.
Vice-president—Dr. A. G. Wolfe.
Secretary—Dr. Geo. L. Drennan.
Medical advisory committee—Dr. T. O. Hardesty, Dr. Carl E. Black, Dr. Geo. E. Bradley.
Dean of the training schools—Dr. H. C. Woltman.

Advisory training school committee—Dr. H. C. Woltman, Dr. C. E. Cole, Dr. A. G. Wolfe.
Dr. H. C. Woltman, as dean of the training school and chairman of the advisory training school committee, stated that the work of the training school had been up to its usual standard. A number of meetings of the committee were called to discuss matters pertaining to the curriculum and training of the student nurses.

Miss Lona Liebenstein reported for the school of nursing that there were sixteen nurses in the school, six new students were admitted in the fall and seven were graduated.

Lukeman Motor Co. Plans Auto Show

To Be Held Last Four Days Of This Week; Many Exhibits

Of interest to residents of this community, particularly car owners, will be the free automobile show announced by the Lukeman Motor Co. for the last four days of this week.

It is stated that there will be entertaining motion pictures, and other forms of entertainment. Also that there will be many exhibits that were on display at the National Auto Show recently.

Geo. T. Lukeman, proprietor of the garage on West State, says that every effort is being made to make this an instructive and entertaining four-day show.

Dinner Here Will Honor L. Schriver

President Of National Association To Speak At Meet Wednesday

The local Life Underwriters Association announces that Lester O. Schriver, president of the National Life Underwriters Association will be the main speaker at their meeting next Wednesday.

In sponsoring the meeting the local Association is giving a dinner in honor of Mr. Schriver and are inviting Jacksonville citizens to participate in the affair.

Mr. Schriver is a native of Connecticut; entered the insurance business at Middletown, Connecticut, after having been engaged in Y. M. C. A. and church work for a period of eight years. He was educational director and later superintendent of agencies for the Aetna Life Insurance Company, and at the present time is general agent in Illinois for the same company. He is one of the outstanding life insurance men in United States, is a fluent speaker, an authority on American history and greatly interested in community work.

E. W. Logue is president of the local Association and L. T. Oxley, chairman of the arrangements committee for the dinner meeting which will be held at 6:00 p. m. at the Peacock Inn. It is expected that Dr. C. P. McClelland will introduce the guest speaker.

WILLIAM ROSSI OF VIRGINIA IS SHOT BY STRAY BULLET

Virginia, Jan. 18.—A personal difference between two young men here this afternoon ended in a shooting at seven p. m. in the Rossi tavern on the south side of the square, William Rossi, a bystander and employed by his father in the tavern being seriously wounded.

Witnesses reported that when the two men, Jack Widmayer and "Tuffy" Stout, met this evening, they engaged in a quarrel. After a few words, Widmayer is alleged to have produced a gun and fired two shots. One bullet struck Rossi in the back of the neck.

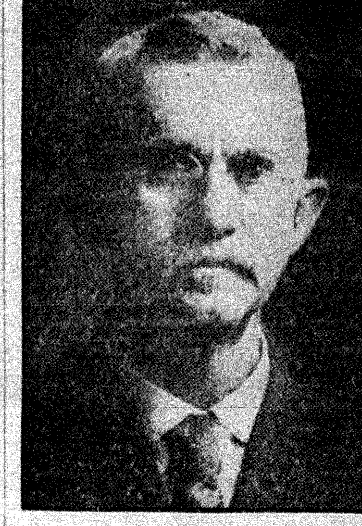

Rossi was rushed to the Schmidt Memorial hospital in Beardstown, where it was reported tonight that his condition was "fairly good." X-ray photographs will be taken in the morning in an effort to determine the location of the bullet and real extent of the wound. It is expected that he will recover.

Widmayer is being held tonight in the county jail, pending investigation.

CONDITION IMPROVES

Watson Madden of the Riggsdon community is recovering nicely from an appendicitis operation in Passavant hospital.

Tax Valuations In Scott Increase

Decrease Due To Lower Values Of R. R. Properties; News Notes

Winchester, Jan. 18.—The final tabulations on the valuations of Scott County for 1935, according to figures obtained from the office of Bert Wills, County Clerk, show a slight decrease from the valuations for 1934. The valuations for this year total \$8,409,367.00 as compared to \$8,562,838.00 for last year. The decrease in the value of taxable property is due primarily to a decrease of \$107,000.00 in the valuation of the properties of the C. B. & Q. Wabash and Alton Railroads in this county. These valuations are set by the State Tax Commission and are out of the control of the county assessor, H. C. Montgomery.

Mathews To Mark Fiftieth Wedding Date Here Monday

Occasion To Be Observed With Dinner To Be Held At Noon Today

Wedding bells will ring tomorrow in the city, but their ringing will be mellowed with the golden tidings of fifty years of married life for Mr. and Mrs. Frank S. Mathews, 732 Bedwell street.

Fifty years ago, Elizabeth McCullough and Frank Mathews said the marriage vows at a large wedding at her home on South West street. The highly respected Jacksonville couple will observe the anniversary quietly, receiving at open house the many friends, neighbors and relatives who will extend them congratulations.

Today at noon the immediate family, numbering 22, will have a dinner at the home celebrating the occasion. They will be presented with appropriate gifts, including china, silverware and table linen, by their children and grandchildren.

Nineteen years ago, Mr. and Mrs. Mathews lived in Spokane, Washington, for three years. Aside from this period, their entire lives have been spent in this community.

Mrs. Mathews was born on January 14, 1886, at her home on South West street, the daughter of Frank McCullough, a blacksmith in the city.

Mr. Mathews was born December 14, 1865 on a farm 6 miles east of town, the son of Dick Mathews. He has followed the carpenter and contractor trades, recently being employed as meter repair man in the Jacksonville water department.

Throughout a period of years, Mr. Mathews' greatest recreation has been hunting and fishing. Mrs. Mathews is an accomplished seamstress, doing crochet and embroidery and piecing a number of fine quilts. A great many of these represented unselfish work for her children.

The Mathews are members of the Central Christian church.

Three children are living. They are Mrs. Fred May, 310 East College avenue; Fred Mathews, 229 East State street; and Franklin Mathews, 405 East Morton avenue. There are 8 grandchildren and one great-grandchild, Janice Louise May, aged 7 years. The grandchildren are as follows: Ruth Annette May, Babjohns, Harold Frederick May, Margaret Louise May, Carline May, Mrs. William Byus, Billy Mathews, Jack Mathews and Bobby Mathews.
